The WPC wall cladding coating gives the panel an impenetrable, wrap around extra protection.

The WPC wall cladding is rich and natural in color, with natural wood feeling and wood texture. It's easy to be installed and low labor cost, required no painting, no glue, low maintenance, 100% recycled, environmentally friendly and saving forest resources.

Easy Installation	Formaldehyde Free	Fire Retardant
Low Maintenance	Water-proof	Easy Cleaning
Recyclable	Paint Free	Anti-Termite
