QUALITY CONTROL 品质管控

本公司严格按照质量管理体系（ISO9001:2008）要求进行对产品检验。通过以下几点来确保产品质量。
Our company test all the products strictly according to the regulation of Quality Management System (ISO9001:2008) through the followings to guarantee the best quality.

一、严把源头关，保证原材料质量，包括对供货商的管理评审和原材料的进厂检验等。

1. Strictly control the source to ensure the quality of raw materials, including the management review of the supplier and the test of raw materials when the materials arrive at our company.

二、对客户订单的确认与评审管理工作，确保产品符合客户的要求。

2. Confirm and evaluate the orders from our customers to ensure that our products can meet customers' needs.

三、严把过程控制关，包括产品工艺控制和外形尺寸、外观、性能的控制。

3. Strictly control the process, including the control of product process, size, appearance and property.

我们公司严格按照 ISO9001:2008 进行产品的设计、生产、检验和管理。我们各类品质精良的产品不仅运行于全国各地，在国外也有我们的业绩。

Our company strictly design, produce, test and control the products according to ISO9001:2008. Our products with best quality are not only popular in China, but also we have outstanding achievements around the world.
