CAT tourniquet

Non-Sterile Glove

Israeli bandage

4inch/6inch

The Emergency Bandage's sterile, non-adherent pad applies pressure to any site, can be easily wrapped and secured, and has an additional application, similar to a tourniquet, to further constrict blood-flow. The product is so easy to use that even an injured person can self-apply the bandage with one hand.

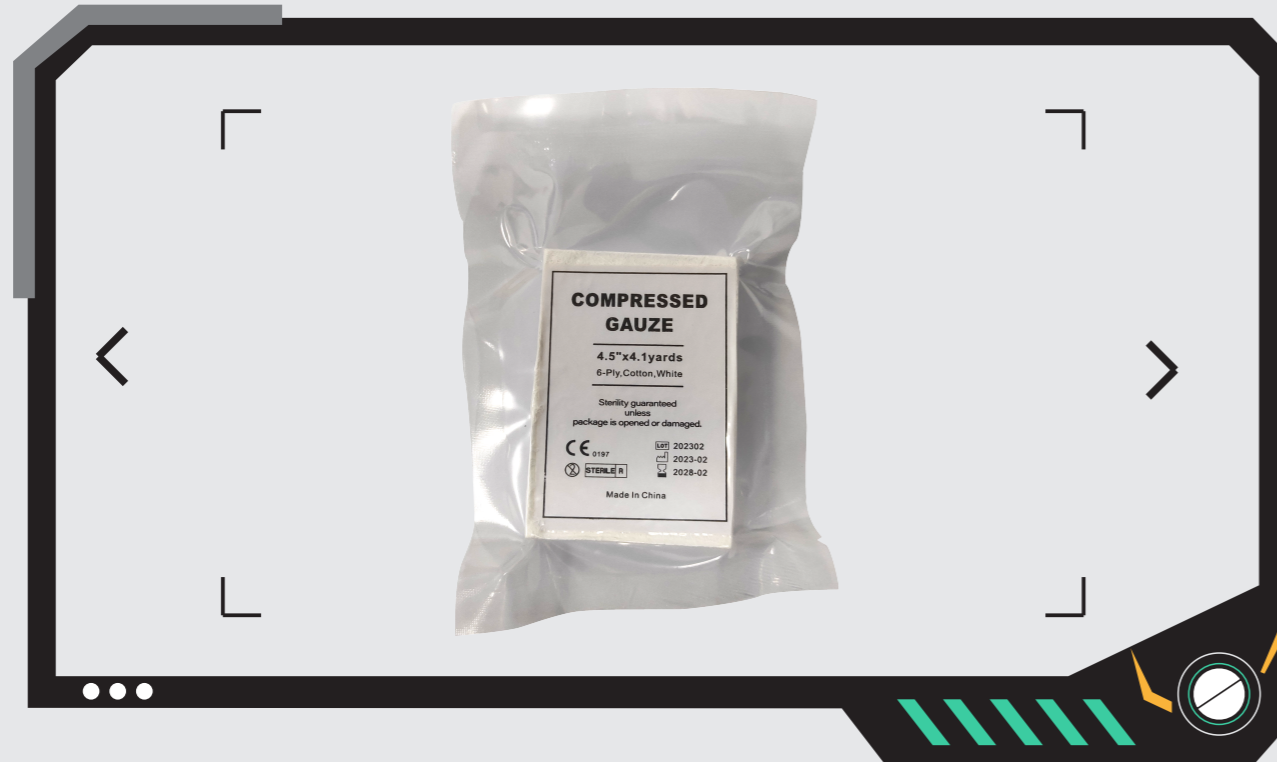

Self-adhesive Conforming Bandage

8cmx10cm

- 1:Material: cotton;
- 2:Weight g/m*m:75g,80g,85g;
- 3:Size:Length(stretched):4m,4.5m,5m;
- 4:Width:5cm,7.5cm,10cm,15cm;

Vacuum Gas Compressor

The compressed, rolled gauze is ideal for wound bandaging and wrapping of injuries. Unique crinkle weave ensures excellent fluid absorption. Ultra-compact size that expands to cover larger wound areas. Used as backing gauze for hemostatic agents, in conjunction with a compression bandage to control hemorrhage.

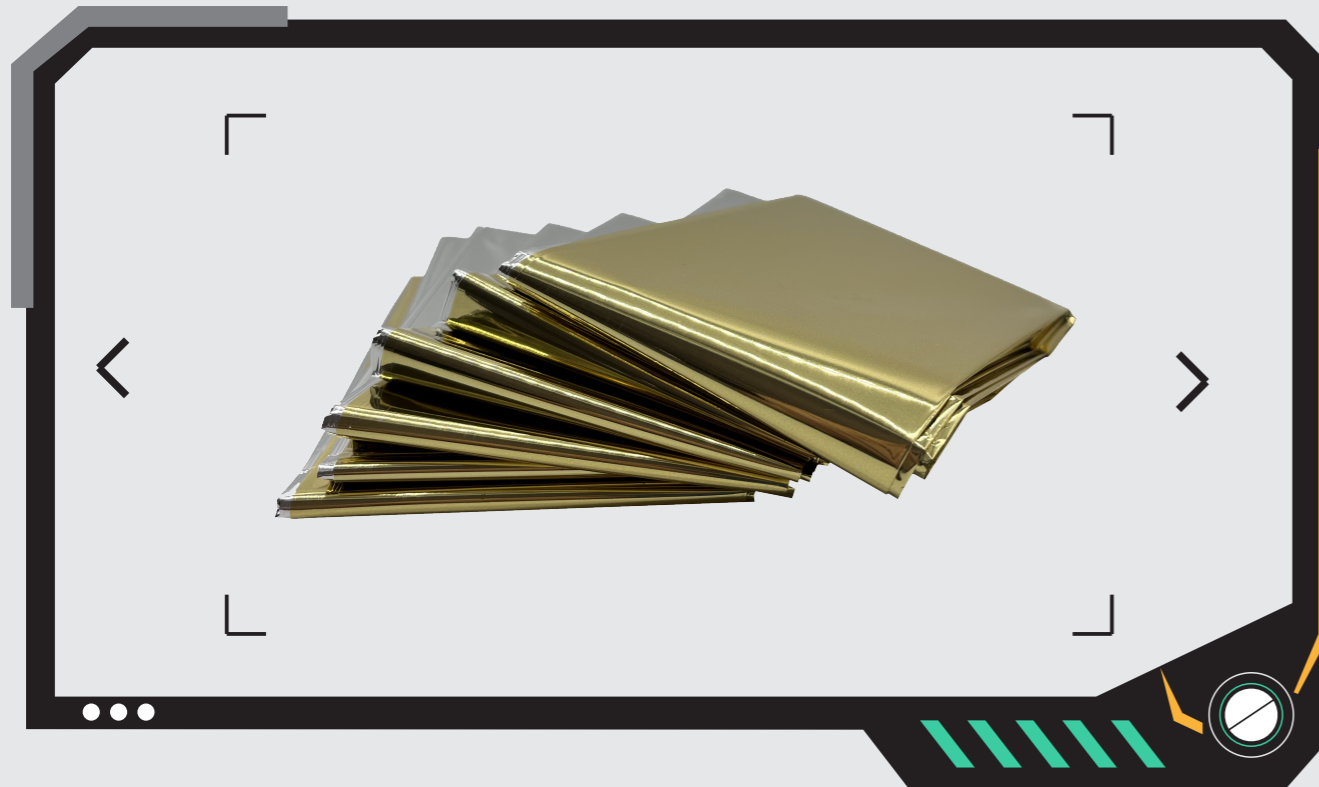

Chest Cover Tape (Foxseal)

Non-Vented Compact Chest Seal is created to treat tension pneumothorax, the second leading cause of preventable death on the battlefield. It is durable with an aggressive adhesive, easy to use, and performs in a wide range of operational environments.

First aid blanket

Waterproof and weatherproof foil and mylar emergency thermal blanket for retaining or deflecting heat Mylar insert provides insulation and the foil cover can reflect heat back to the body or deflect heat from the sun
