

In May 2008, Haiyifang Ship Model Studio was officially established in Tianjin, and the "Haiyifang Ship model Craft Manual" was formulated in the same year.

Develop over 40 shipping container model products and systematically establish a dedicated sales system for them.

With the continuous increase in orders, we established our own ship model factory in Tianjin and developed 7 types of manual ship models within the same year, resulting in a total of 175 products.
