## KATCH U

FOR PET

DOWNLOAD?

KatchU, designed specifically for pets, has a unique feature that distinguishes between "at home" and "leave home" modes. When your pet is at home, the app will automatically switch to "at home" mode to conserve battery life. Also includes an activity detection and movement medal collection section, allowing you and your pet to exercise and have fun together. With the social feature, you can share your pet's data with others, and even help your furry friend make new friends!
