[www.eviewgps.com](http://www.eviewgps.com)

Now, You can start using your tracker.

**TIP**

*After setting up the device and adding a pet, the Katchu APP will guide you through other functions step by step.*

## 06

# Looking for Pet Live Tracking

Don't panic if your pet get lost.

- 1 Open KatchU APP.
  - 2 click Live button to get updates every 10 seconds over a 10 minutes.
- If you still haven't found your pet after 10 minutes, you can click Live Tracking button again and start another tracking session.

### TIP

*Please note the Live Tracking mode consumes a lot of battery power, Normally the pet tracker takes a new location every 10 minutes whilst your pet is out and about.*

## 07

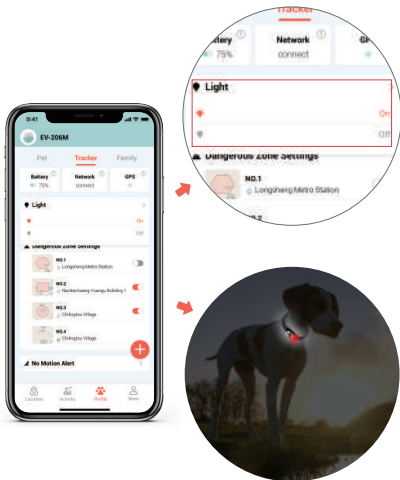

## Home Wi-Fi and BLE Beacon

- The home Wi-Fi and BLE beacons provide at home or out of home information in addition to optimizing tracker's battery life. Beside this, you will instantly receive alerts when your pet leaves home/safe area.

## 08

## Light Control
