01

RTCO R&D Team

RTCO has a professional R&D team, which constantly develops new materials, automation equipment, and process optimization. The team provides the best and most suitable technical support for customers' design and projects, and realizes a better one-stop service experience.

Our R&D team is still expanding now and introducing high technical talents. Focus on our main value: Environmental-Friendly; User-Friendly & Custom Friendly.

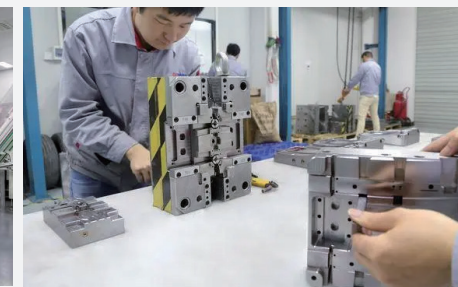

02

RTCO Factory

RTCO has our own factories in Shanghai & Zhejiang. They contain over 120 injection machines; over 20 blowing machines; over 30 printing lines, 4 out-coating lines and over 15 assembling lines. And we also got thousands of set molds in our database.

All these advantages ensure RTCO's Three One strategy. R&D team ensures to provide 3D sample within **One day**. Experienced mold department ensures the mold lead time within **One Month**. And the manufacture base ensures to meet customers' 1st trial order within **One Week**.

03

Overseas Warehouse

To provide better one-stop service, we set up a warehouse in USA over 15000 sq.ft to ensure customer get the cargo within 24 hours.
