

Dongguan Soushine Industry Co.,LTD

Catalog

- | membrane switch
- | panel
- | membrane pressure sensor

Established in 2008, Dongguan Soushine Co., Ltd. is a technical company integrating design, research and development, production, and sales. It covers an area of 4000 square meters with two production workshops, more than 100 employees, more than 300 equipment, and 10 production lines. After more than 20 years of development, we have strong R&D technology and production capacity, our main products: membrane switches, touch switches, membrane pressure sensors, graphic overlays, panels, and so on. These products are widely used in communication, industrial control and military, medical equipment, automobiles, instruments, smart homes and toys, automatic control systems, and other high-tech fields.

We have established cooperation with well-known companies such as Haier, Midea, Huawei and Panasonic. We have passed ISO9001:2015, RoHS, and ZHB environmental system certification, and are a national high-tech enterprise.

第一部分

薄膜开关

Membrane switch

- LGF backlit membrane switch
- LED membrane switch
- FPC flex cable
- Metal dome membrane switch
- Capacitive touch switch
- Waterproof membrane switch
- Rubber button membrane switch

LGF backlit membrane switch

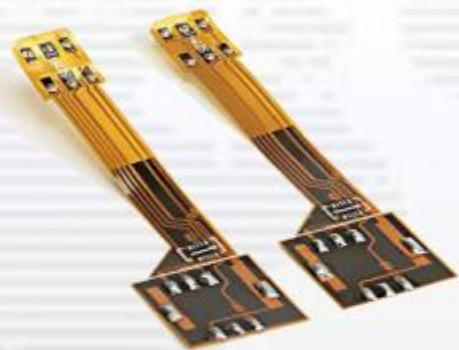

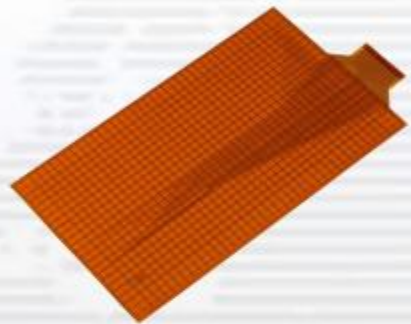

LED membrane switch

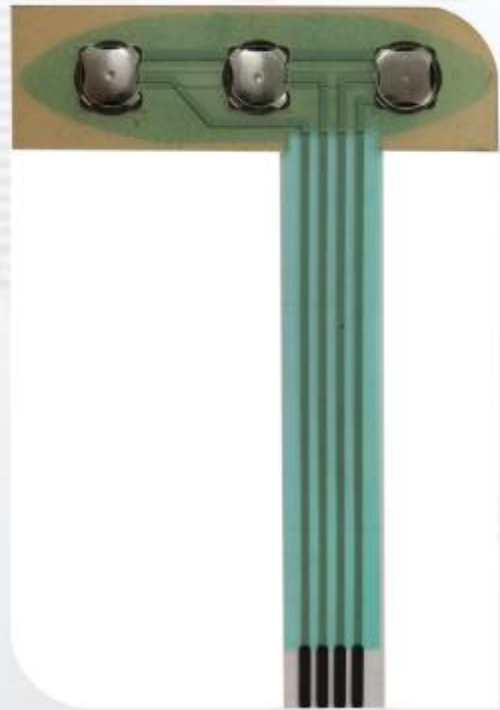

FPC flex cable

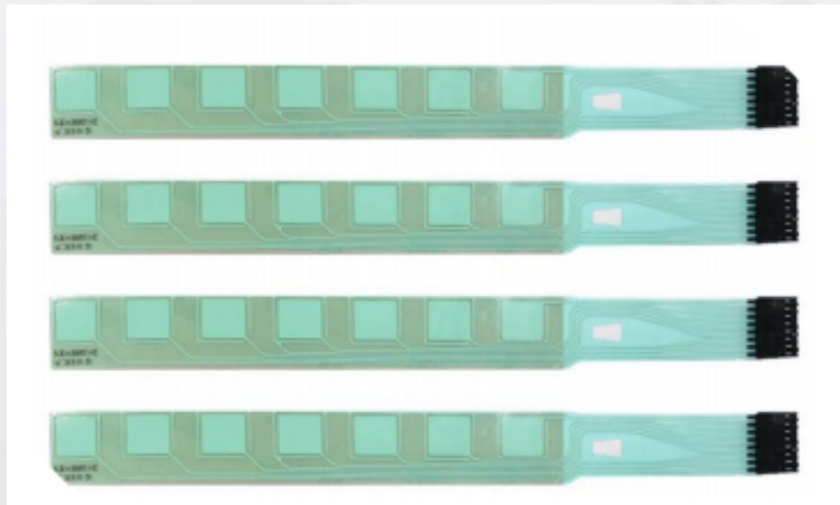

Metal dome membrane switch

Capactive touch switch

Household appliance touch

Car touch

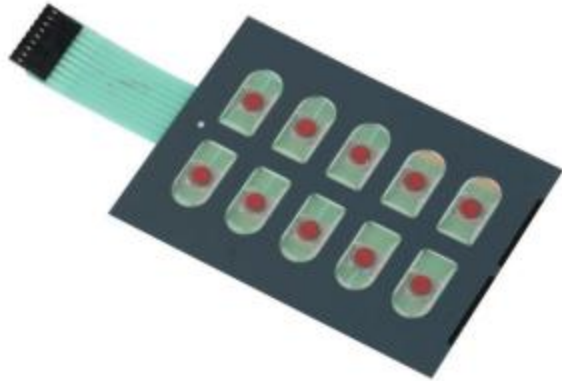

Waterproof membrane switch

Rubber button membrane switch

第二部分 面板

Panel

- PC/PMMA/glass panel
- Embossing overlay
- Finstrument panel
- Instrument panel
- IML panel
