

# High Frequency X-Ray Machine

## **Product Advantages:**

1. High cost performance and stable quality.
2. The compact design makes it easy to carry out to different areas and locations.
3. With three exposure control methods: Wireless control/Hand brake/Operation panel.
4. High frequency inverter technology is adopted to produce and obtain good image quality.

<b>Specification</b>			
Power	3.5 kW	5.0 kW	8.0 kW
mARange	32-50 mA	32-100mA	32-125mA
kV Range	40-100kV	40-110kV	40-125kV
Working Frequency		≥60kHz	
Input Power	110V±10% or 220V±10%		

**Feature**

- 4 inches screen
- Integrated Suitcase
- Foldable Trolley
