

DC oil free aeration compressor

Technical Specification

Model Number	HC580D1-130/2-CAB
Head Configuration	Pressure parallel flow
Voltage	DC24V
Current at rated pressure	25 A
Power at rated pressure	≤600W
Speed at rated pressure	1700 rpm
Dimension	477*305*620mm
Net Weight	28.5kg
Operating ambient temperature	-5 to 40°C
Thermal protection	145±5°C
Motor insulation class	F
Diffuser quantity	6 diffusers
Max pond size	3 acers
Max diffuser depth	65'

COMPLETE AERATION SYSTEM

COMPLETELY SAFE:

There is no electricity in the water, which means that it is completely safe to fish, pets, or humans.

SUPERIOR QUALITY:

The aerator is extremely durable, and can operate in any weather conditions.
