

CARBON BRUSH

南通隆美威机械科技有限公司
Nantong LongMeiWei Machinery Technology Co.,Ltd.

INTRODUCTION

Nantong longmeiwei machinery technology Co,Ltd,is a professional manufacturer of carbon brush from China. It's located in haimen city,near shanghai. Target for a leading brand of carbon brush, we have a wide range of carbon products suitable for starters,alternators,power tools,washing machine,vacuum machine,and other carbon graphite material products.

Meanwhile,we can make customized products,develop mould for your special need. Make sample for test before mass production.

From sales-manager to workshop director, we all have more than 15 years working experience in carbon brush fields, we could work with customer together to choose suitable material, standard products,customized packing depends on different market.

We will be much appreciated if you can send your inquiry without hesitation, tell me more detailed requirement like model list,quantity,quality demand,packing request,we will try our best to meet your request.so as to work together and make a good cooperation in a long time.
