COMPANY PROFILE

Hottech Group was founded in 1988 and got into electric bike field in 2015. After 8 years' development, we have two electric bike production bases. The company lies in Changzhou city, it only takes about 1.5 hours to Shanghai port. Factory covers 20,000 square meters, employs 150 workers and has an annual output value of over tens of million US dollars. Our products ranges folding electric bikes, city electric bikes, mountain electric bikes, fat electric bikes, cargo electric bikes, which are spread to more than 40 countries and regions around the world and get good feedbacks. We have built long-term cooperation relationship with dozens of renowned bicycle brands.
