

# Best portable solar panels for

### **Basic Information**

. Delivery Time:

. Place of Origin: China . Brand Name: Linksun CE · Certification: LS-B200M Model Number: Minimum Order Quantity: 100PCS Packaging Details: 1pcs/carton

5-8days • Payment Terms: 30% TT in advance, 70% balance before

delivery.

• Supply Ability: 1000pieces per week

# **Product Specification**

• Product Name: Solar Folding Bag

Color: Black

Solar Cell: Monocrystalline Cell

· Application: Fishing, Camping, Picnics, And Hiking,

Including On Yachts And RVs.

5 Years • Warranty: Protection Class: IP65

Product Dimension(Folded):1900\*845\*5mm

# Best portable solar panels for RV

The best portable solar panels for RV use are designed for convenience, efficiency, and durability. These panels are foldable and lightweight, making them easy to transport and set up wherever you go. With high conversion efficiency, they provide reliable power to charge your RV batteries, appliances, and devices while off-grid. Most models are compatible with various power stations and feature weather-resistant materials for long-lasting performance. Ideal for camping, road trips, or remote adventures, these solar panels offer an eco-friendly and cost-effective solution to stay powered anywhere under the sun.

#### **Product Features:**

#### 1)Folding, outdoor portable more convenient.

It can be used for fishing, camping, picnics, and hiking, including on yachts and RVs.

#### 2) Good waterproof performance

Made of high-quality silicon materials, these coatings have excellent waterproof, anti-corrosion, sun protection and other properties, making solar cloth bags suitable for long-term use in harsh outdoor environments and less susceptible to damage caused by rainwater.

#### 3) Fast charging

Professional design for mobile energy storage, high current charging faster.

#### **Product Details:**

| Model                      | LS-B200M              |
|----------------------------|-----------------------|
| Maximum Power(Pmax)        | 200W (8x25W)          |
| Maximum Power Voltage(Vmp) | 20.2V                 |
| Maximum Power Current(Imp) | 9.91A                 |
| Open Circuit Voltage(Voc)  | 24.2V                 |
| Short Circuit Current(Isc) | 10.59A                |
| Power Tolerance(Positive)  | ± 3%                  |
| Cell Type                  | Monocrystalline cell  |
| Contract Dimensions(mm)    | 1900*845*5mm          |
| Weight(KGS)                | 7.5kg                 |
| Protection Class           | IP65                  |
| Maximum System Voltage     | 60V                   |
| Temperature Range          | -20°C - 85°C          |
| Standard Test Conditions   | 1000W/m2, AM1.5, 25°C |

#### FAQ:

Q1:What's the solar panels warranty?

A: 5 year's warranty. If you have any questions about our quality during use, you can contact us at any time.
