

Waterproof Portable Roof Mount Solar Panel 160W Monocrystalline Solar Panels

Our Product Introduction

for more products please visit us on monosolarpanel.com

Basic Information

- Place of Origin: China
- Brand Name: Linksun
- Certification: CE
- Model Number: LS-160M
- Minimum Order Quantity: 100PCS
- Packaging Details: 1pcs/carton
- Delivery Time: 5-8days
- Payment Terms: 30% TT in advance, 70% balance before delivery.
- Supply Ability: 1000pieces per week

Product Specification

- Product Name: Portable Solar Panel
- Solar Cell: Monocrystalline Cell
- Contract Dimension: 1480*680x35mm
- Benefits: Portable, Convenient
- Protection Class: IP 65
- Highlight: **Waterproof Portable Roof Mount Solar Panel CE , Roof Mount Solar Panel 160W , 160 watt Monocrystalline Solar Panels**

Linksun Waterproof Portable 160W Monocrystalline Solar Panels

The Waterproof Portable Roof Mount Solar Panel 160W Monocrystalline Solar Panels are ideal for outdoor and off-grid applications. These high-efficiency panels provide reliable power in any weather condition, thanks to their robust waterproof design. Easy to install on various roof types, they offer a compact and portable solution for RVs, boats, and cabins. Durable and efficient, they ensure optimal energy capture and long-term performance, making them perfect for adventurous and eco-conscious users.

Product Features:

1)Environmental protection and energy conservation

Portable solar panels can be charged using solar energy without the need for a power source, which can save energy and reduce carbon dioxide emissions, making them very environmentally friendly.

2)Portability

Portable solar panels are usually lightweight and compact, and can be folded, rolled up, etc., making them very convenient to carry. It can charge various devices such as smartphones and tablets in outdoor, camping, travel and other scenarios, saving both time and effort.

3)Affordable

Although portable solar panels are generally expensive, they can be used for a long time and charged for free, gradually returning to cost and having extremely low usage costs.

4)Strong stability

The lifespan of solar panels is generally relatively long, and their service life can reach several decades without worrying about frequent replacement.

Product details:

Model	LS-160M
Maximum Power(Pmax)	160W
Maximum Power Voltage(Vmp)	18.2V
Maximum Power Current(Imp)	8.8A
Open Circuit Voltage(Voc)	22.4V
Short Circuit Current(Isc)	9.4A
Power Tolerance(Positive)	3%
Cell Type	Monocrystalline cell
Contract Dimensions(mm)	1480*680x35mm
Weight(KGS)	11.0kg
Protection Class	IP 65
Maximum System Voltage	1000V
Temperature Range	-40 ~85
Standard Test Conditions	1000W/m2, AM1.5, 25°C

FAQ:

Q1:What's the solar panels warranty?

A: 5 year's warranty.If you have any questions about our quality during use,you can contact us at any time.

Q2:Do you accept OEM/ODM orders?

A:We accept OEM/ODM orders.Welcome your inquiry.

Q3:Can I have samples to test?and what's the lead time for the sample order?

A:Yes,of course.The lead time for samples is 7-10 days.

Q4:Are you manufacturer or a trading company?

A:We are manufacturer and our factory is based in Yuyao,Ningbo.Welcome your visit if you like.

Q5:Where are your goods exported?

A:We can export to all over the world.
