

Application

It can be used both outdoors and in rooms with high humidity such as underground garages, storage rooms and cold rooms. The connection of the power cord is equipped with a rubber plug to ensure better waterproofing.

Ultraslim Ceiling Light Wet Room Flat Waterproof IP65 Workshop Lamp for Basement Garage

Description

The LED ceiling light has an IP65 protection level and strong anti fouling and waterproof performance. LED cellar lights can provide a maximum of 5520 lumens, saving 90% of energy. The flicker free visual comfort allows for even distribution of light at any angle in the room without producing glare. Safe and anti-theft, easy to install, just use a screwdriver to connect the LED garage light to the wall or ceiling, and then clamp it onto the bracket.

3-Year warranty

IP65

Microwave Motion Sensor/Photocell Function

The daylight threshold is set to "10Lux/25Lux/50Lux, stand-by period is set to "10s/10min"

With sufficient daylight, even when motion detected, light remains OFF.

With insufficient ambient brightness, light dims to 100% when motion was detected.

Light keeps on 100% within the holdtime.

Light dims to standby level if no motion detected after holdtime.

After the stand-by period, light OFF.
