

COMPANY PROFILE

Tianjin Golden Incalcu Bicycle Co., Ltd is a professional manufacturer specialized in the research, development and production of electric bicycles, electric scooters, electric tricycle and many kinds of mechanical bicycle. Our production facility is an advanced manufacturing plant covering an area of 6,000 square meters and it has an annual sales volume of USD8,000,000. Equipped with integrated assembly lines and advanced quality testing instruments. We can supply over 40,000 electric bicycles and bicycles annually.

Starting with materials purchase to quality control measures are improved on each stage of production. We have a high and integrated technical standard for the inspection of each finished product, it is including both before and after products packaged. Having implemented these comprehensive quality control measures, we were awarded ISO9001 international quality management system certification and EN15194 certification for electric bicycles.

As a result of our high quality products and outstanding customer service, we have gained a global sales network reaching US, Canada, UK, Belgium, Italy, France, Australia, New Zealand, Brazil, Korea, Middle east and etc....

Company purpose: Quality first, customer foremost.

Tianjin Golden Incalcu Bicycle Co., Ltd belongs to Tianjin Kaite Cycle Group Co., Ltd. Kaite group, since 1994, sets headquarter in Tianjin with an area of 140,000 square meters. The total asset is 100 million CNY. It includes many different types of business: bicycle, electric bicycle, bicycle frame and fork, physical distribution, catering service, lodging industry...etc.
