前后舱娱乐切换 Front and Rear Cabin Entertainment Switching		

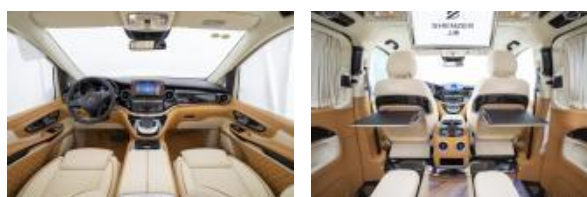

车型介绍 Vehicle model introduction

The Dongfang Lieying model is positioned as retro-chic, inheriting the DNA of the Century Legend model in its overall structure. It retains the classic large windows and surrounding lighting design, redefining sportiness with a wild charm.

The Dongfang Lieying distinguishes itself with its "Hawk Eye" roof lamp, where sharp hawk eyes gleam under lighting accents, colliding with chrome design elements to create a sporty and tech-savvy aura. It also retains the circular retro triple gauge design, enhancing the vehicle's premium feel.

Overall Design: Visually resembling a hunting hawk in flight, it is sharp and always perceives the trajectory of its prey, symbolizing the continuous pursuit of self-excellence, striving towards outstanding goals, and growing into the "Dongfang Lieying".

配色推荐 Color scheme recommendation

MBC integrates modern and Chinese color elements, selecting three premium color schemes tailored for the interior of the Dongfang Lieying model. This enriches the choices of interior colors, making them more vibrant and allowing you to enjoy professional interior customization services.
