车型介绍 Vehicle model introduction

The Santorini model is positioned as modern and minimalist, bringing a refreshing and unique sensation akin to a gentle breeze. The design revolves around the "Sail Wave" ceiling light, emphasizing the simplicity and fluidity of lines. The surrounding light clusters enhance color contrast, resembling the ripples left by a sailboat gliding across the Aegean Sea. Distant navigation lights dot the purity that belongs to the island of Santorini, nurturing a hint of harmony amidst contradiction, where time flows gently and life remains serene.

配色推荐 Color scheme recommendation

MBC integrates modern and Chinese color elements, carefully selecting three premium interior color schemes tailored for the Century Legend model. This enriches the choices for interior colors, making them more vibrant and allowing for a professional interior customization service.
