

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: PVC stretch ceiling film Usage: Interior decoration Whether combined with other materials: No Composition: Polyvinyl chloride 100% Size: 100m*5.0m;100m*3.2m; PVC products please specify plasticizer content: 10% Whether non-foam: None Brand: Independent brand MSD Model: None</p>	<p>Name: PVC stretch ceiling film Function: Wall decoration, ceiling decoration Application: Entertainment, Commerce, Household, Administration Material : PVC Installing: Nailed on the wall/ceiling</p>		

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: Aluminium profile Usage: Interior decoration Shape: Profile Material : Aluminium alloy. Composition content : 80% aluminium 20% magnesium. Aluminium alloy profile large size: 3.05CM Ultimate tensile strength at 20°C for solid aluminium alloys: 100% Brand: None Model: None</p>	<p>Name: Aluminium profile Function: Wall decoration, ceiling decoration Application: Entertainment, Commerce, Household, Administration Material : Aluminium Installing: Nailed on the wall/ceiling</p>		

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: Silicone strip Usage: Interior decoration Appearance: Strip Composition: Silicone Monofilament please specify the cross-sectional diameter: 11MM Brand: None Model: None</p>	<p>Name: Silicone strip Function: Light box material installation accessories Application: Entertainment, Commerce, Household, Administration Material : Silicone</p>		

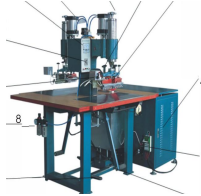

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: PVC wallpaper Export preferences: No Usage: Wall decoration Material : Chemical fiber Brand: None Model: None</p>	<p>Name: PVC wallpaper Function: Wall decoration Application: Entertainment, Commerce, Household, Administration Material : Chemical fiber Installing: Glue on the wall</p>		

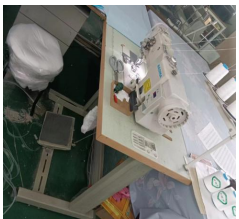

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: Floor sticker Export preferences: No Usage: Floor decoration Material : PVC Brand: None Model: None</p>	<p>Name: Floor sticker Function: Floor decoration Application: Entertainment, Commerce, Household, Administration Material : PVC Installing: Glue on the floor</p>		

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: Decoration board Export preferences: No Usage: Wall decoration Material : Included ABS, PET Brand: None Model: None</p>	<p>Name: Sequin Wall Panel Board Anti-wind Ability: Medium Function: Wall decoration (Outdoor and in door) Application: Entertainment, Household, Administration Material of sequin: PET Material of Black Board: ABS Installing: Screw or Buckle</p>		

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: Decoration sticker Export preferences: No Usage: Wall decoration Material : Included PU,PET Brand: None Model: None</p>	<p>Name: Decoration sticker Function: Wall decoration(Indoor) Application: Entertainment, Household, Administration Material: PET,PU Installing: Glue on the wall</p>		

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: Profile Angle cutting machine Usage: Cut angle for frame Brand: None Model: None</p>	<p>Name: Profile Angle cutting machine Function: Side pressing function 0-180 degrees arbitrary cutting angle 90-degree cutting / 135-degree chamfering / round edge cutting / different angles Material: Metal</p>		

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: Welding Machine Usage: Use the principle of high frequency to weld plastic Brand: None Model: None</p>	<p>Name:Welding Machine Function: Stretch ceiling film ,inflation products, chest card, electric hand warmer, embossing PVC packing bag, trademark, cooling cushion, reflective products, etc. Material: Metal</p>		

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: Sew machine Usage: Sew clothes,sew sewing advertising cloth. Material : Wooden table top, iron head Type : Household tools Set or not: Set Brand: None Model: None</p>	<p>Name: Sew machine Function: Sew clothes,sew sewing advertising cloth. Material : Wooden table top, iron head</p>		

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: Slitter Usage: Used for slitting of advertising rolls/advertising materials Brand: None Model: None</p>	<p>Name: Slitter Function: Cutting pvc material rolls(frontlit banner,knife-coated banner,stretch ceiling film Standard diameter: 25cm Standard length : 52cm Material : Metal</p>		

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: Slitter blade Usage: Used for slitting of advertising rolls/advertising materials Brand: None Model: None</p>	<p>Name: Slitter blade Function: Cutting pvc material rolls(frontlit banner,knife-coated banner,stretch ceiling film Standard diameter: 25cm Standard length : 52cm Material : Metal</p>		

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name: Bending machine Usage: Bending frames Export benefits :No benefits Set or not: Set Brand: None Model: None</p>	<p>Name: Decoration sticker Function: Single and double-sided soft film card cloth, blister, keel, picture frame, mirror frame, and stainless steel decorative strip, etc. can be bent inside and outside Appication: Circular light boxes, special-shaped light boxes, decoration and lighting industries Material: Metal</p>		

Information for custom clearance	Information for application	Material Picture	Project picture
<p>Name:Hot air blower Usage: For processing plastic materials by hot air Brand: None Model: None</p>	<p>Name: Hot air blower Function: Ceiling isntallation,cooking ect. Appication: Entertainment, Household, Administration Material: Metal</p>
