Modular Pool Series

Pool Only

Steel-Frame Structure & Vinyl Liner

The core structure of our modular pools is made from steel panels coated with a zinc-aluminum-magnesium alloy. This material offers exceptional corrosion resistance and features a self-healing property at cut edges.

Fast Setup & Easy Maintenance

- The whole process only takes two people
- No cranes or other heavy machinery required
- All pool components are flat-packed
- Modular design enables fast repairs and replacements

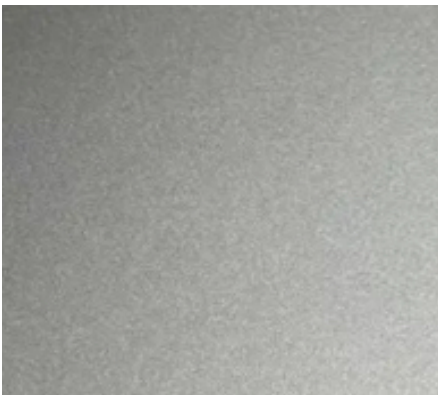

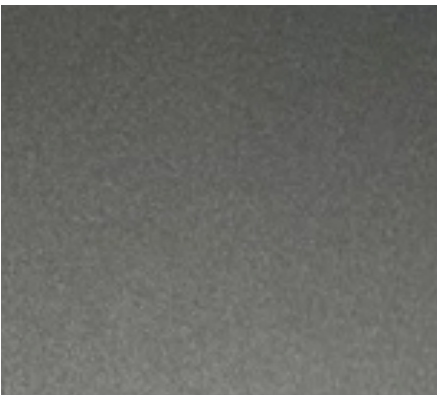

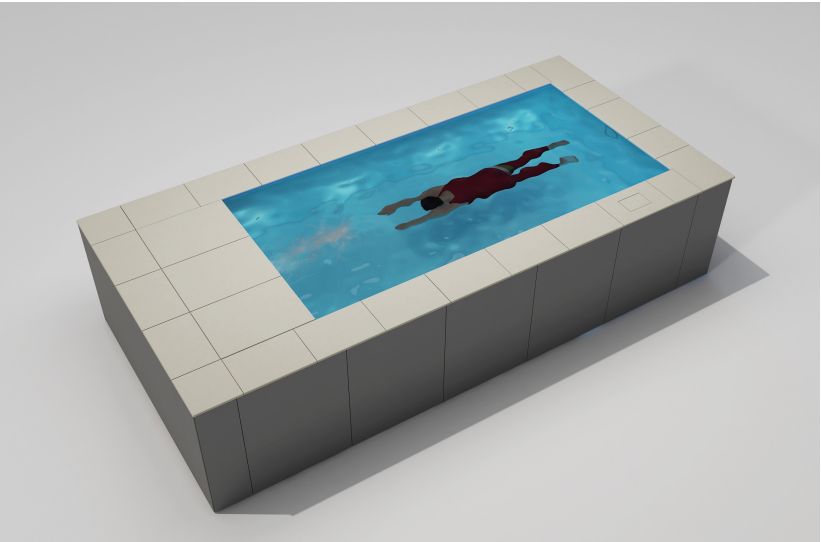

Vinyl Liner Styles for Reference

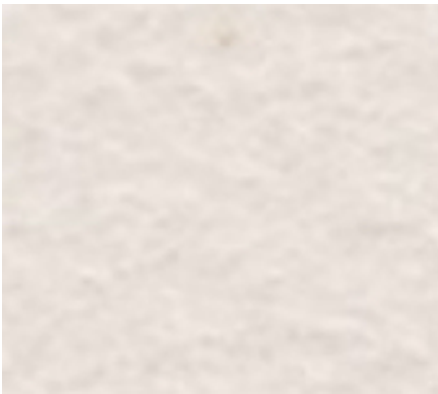

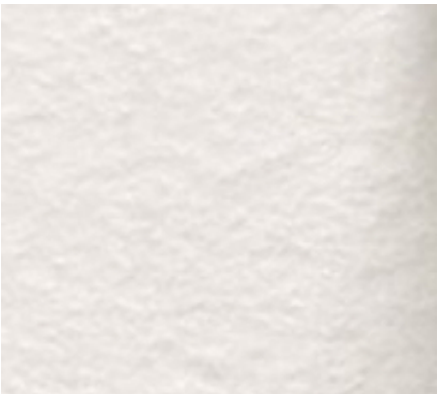

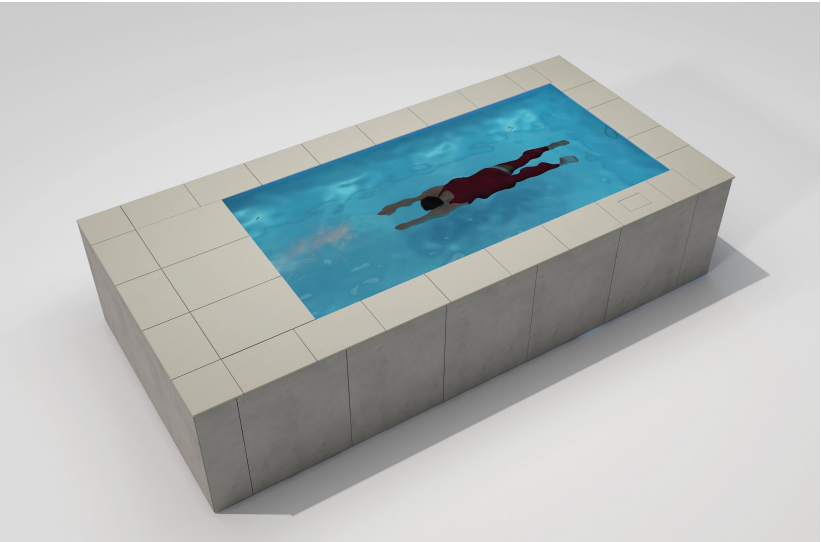

Exterior Cladding Options

- Pre-painted steel panels
- Zero-absorption ceramic tiles
- Brushed aluminum composite panels
- Wood-plastic composite panels

These examples highlight the standard finishes available, intended to give a straightforward view of the materials in their original form. Additional variations—such as alternative patterns, textures, or finishes—can also be arranged, depending on your specific needs. For further details, please contact our team to discuss the available options.

Size Recommendations

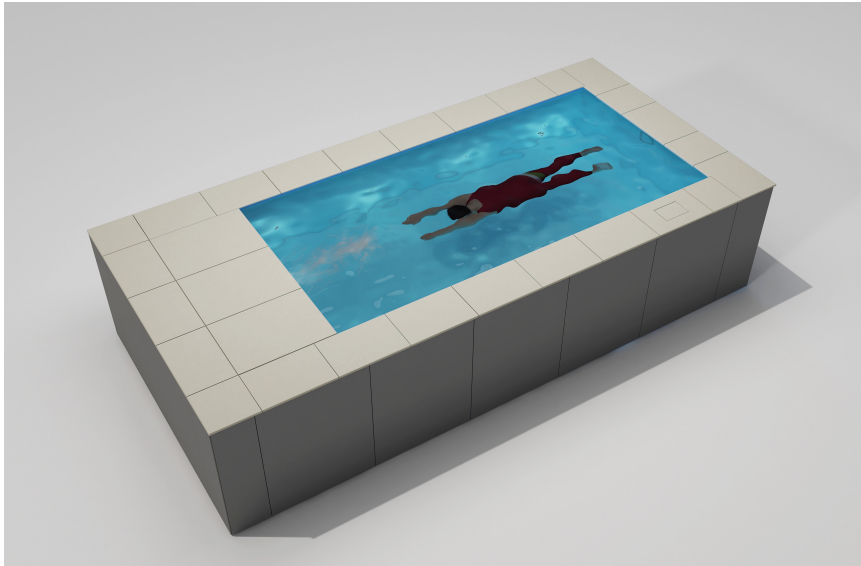

6'×14'6"	Suitable for limited areas such as garages, basements, or compact backyards. Works well for solo training and light exercise.
6'×17'6"	Suitable for family use, daily swimming, or combining exercise with leisure. Balances space and functionality.
6'×20'6"	Suitable for larger homes or outdoor spaces, offering enough room for multiple users, gatherings, and extended swimming sessions.
Custom Sizes	Available to match specific site conditions or personal preferences.

Specification Customizable

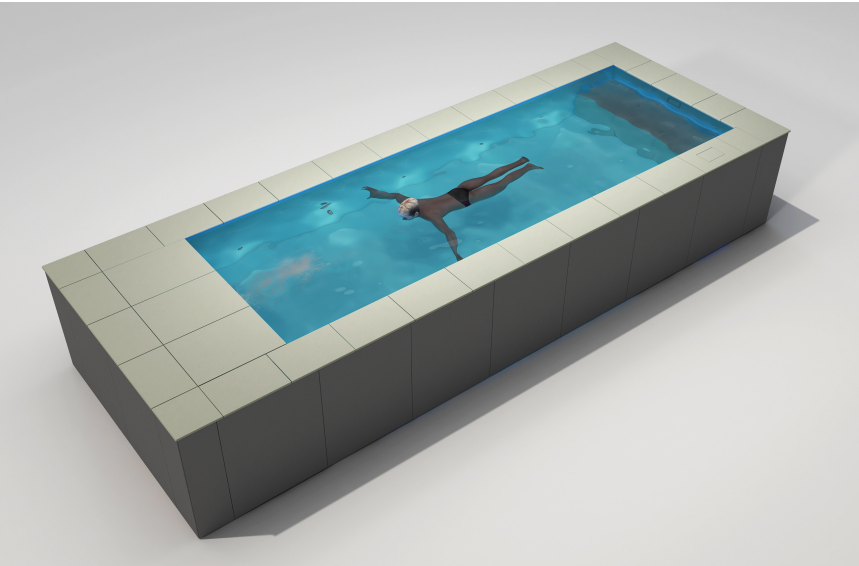

Counter-Current System: 1 set (SWIMILES CCS820)
Circulation Pump: 1 unit (115/230V, 60Hz)
Filtration System: 1 set
LED Pool Lights: Varies by pool size
Deck Finish: Quartz tile (default)
Certifications: MET & CE

Match Your Style

Each pool can be finished to reflect its surroundings, with exterior cladding and surface options that align with your home's architecture and landscape design.

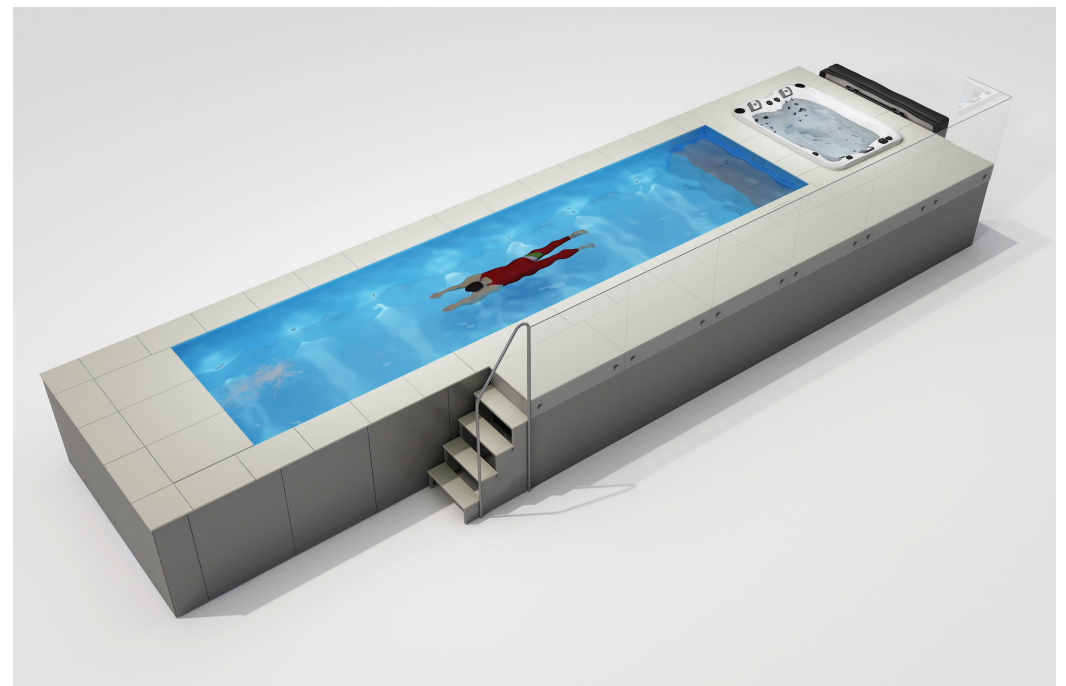

Resort Style

Design Your Own Pool

Our modular steel-frame pools offer flexible configurations.

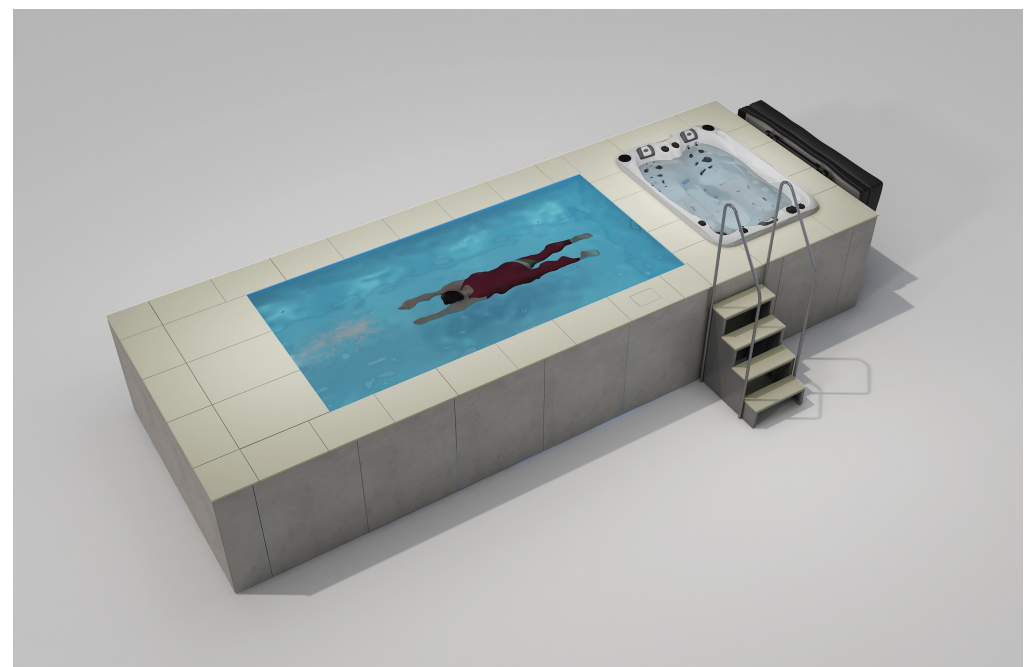

Integrate a spa or cold plunge to elevate your swimming experience, and add side platforms or other accessories to customize the size and functionality to suit your needs.

Extend Pool Length and Platform Area

Warm and Natural

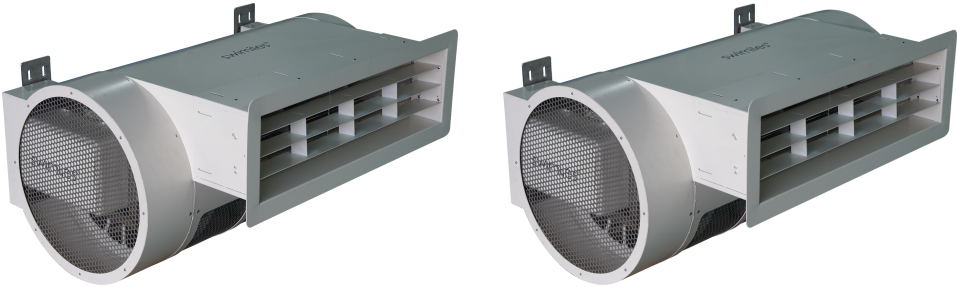

Double-Side Pool Stair

Counter Current System

Engineered to rival top-tier systems, it provides the power and stability swimmers expect — while offering a more cost-efficient solution.

Counter-Current System Specification

Model	Model 510	Model 520
Illustration		
Description	1M-Elite	2M-Xtreme
Input Voltage	110V/220V	110V/220V
Power Supply	1500 W	3000 W
Flow Volume	800 m³/h	1200 m³/h
Water Outlet Area (length × width)	80 ×22 cm	80×22 cm
Flow Velocity	0-1.3 m/s	0-1.8 m/s
Maximum Swimming Speed (100m)	1'13"	56"
Dimensions (length × width × height)	105×80×54 cm	113×80×54cm
Weight	110kg	120kg

Our advantages: Innovative Design, Reliable Performance

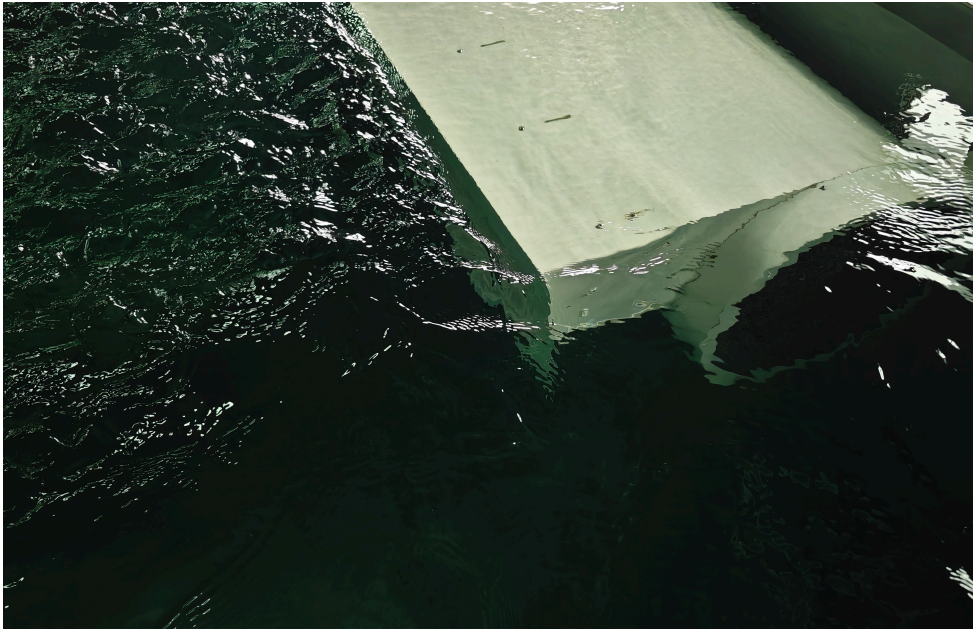

Paddlewheel-driven technology

Consistent stable laminar flow

Low energy consumption ratio

24V safety-certified low-voltage operation

Pool Accessories Series

BLDC Brushless DC Motors

Low-Voltage BLDC Motor Specification

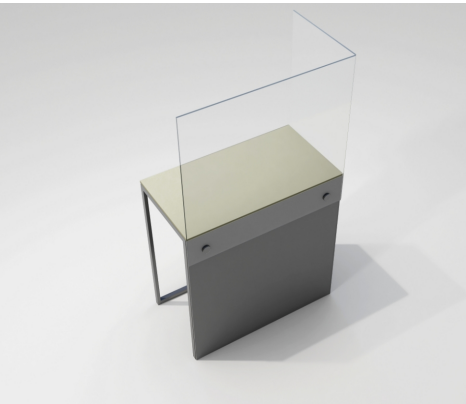

Model	Model 510	Model 520
Working Voltage	24 V	24 V
Waterproof Rating	IP68	IP68

The side-mounted platforms expand how the pool can be used. They provide extra space for resting, sitting, or preparing to enter the water, while also offering convenient access points when combined with stairs. Depending on the configuration—head, mid, or tail platform—they can adapt to different pool layouts and user needs.

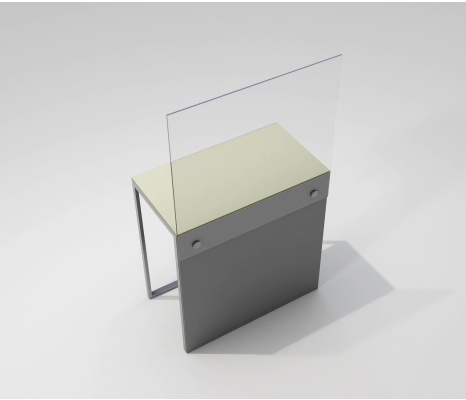

Deck Platform

matching pool exterior finish

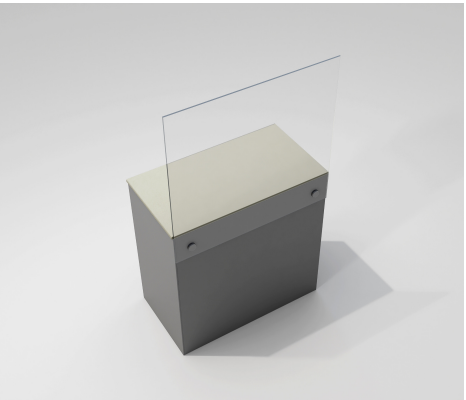

Head Platform

Platform Dimensions: 120 × 60 cm
Glass Panels: 2 tempered glass panels
Glass Sizes: 120 × 110 cm、 60 × 110 cm
Surface Finish: Ceramic tile
Cladding Panels: 2 panels

Mid Platform

Platform Dimensions: 120 × 60 cm
Glass Panels: 1 tempered glass panels
Glass Size: 120 × 110 cm
Surface Finish: Ceramic tile
Cladding Panel: 1 panel

Tail Platform

Platform Dimensions: 120 × 60 cm
Glass Panels: 1 tempered glass panels
Glass Size: 120 × 110 cm
Surface Finish: Ceramic tile
Cladding Panels: 2 panels

Pool Accessories Series

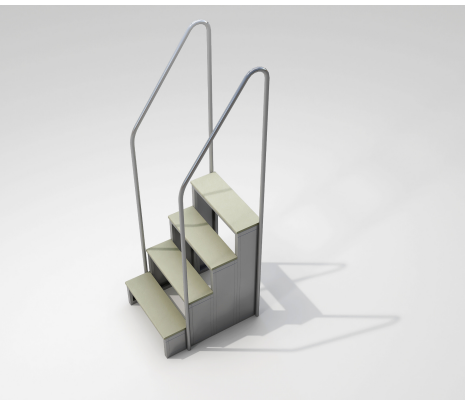

Stairs & Steps

The stairs & steps provide swimmers with a safe, stable, and comfortable way to enter or exit the pool. Designed with slip-resistant surfaces and supportive handrails, they are suitable for users of all ages. Both single-side and double-side options are available to fit different pool layouts and preferences.

Single-Side Pool Stair

Structure: PS frame with quartz tile finish
Handrail Material: Aluminum alloy
Steps: 4 steps
Step Dimensions: 60 × 20 cm (each)
Height: 224 cm

Double-Side Pool Stair

Structure: PS frame with quartz tile finish
Handrail Material: Aluminum alloy
Steps: 4 steps
Step Dimensions: 60 × 20 cm (each)
Height: 224 cm

More Options

In addition to the core modules, we offer a range of add-on features that can be integrated with the pool for enhanced functionality and comfort. These include:

Spa Module

It delivers a soothing hydromassage right next to your pool. With warm water circulation and ergonomic seating, it's designed for comfort—perfect for unwinding after a swim or enjoying a quiet soak.

Cold Plunge Module

It offers a refreshing counterpoint to swimming or spa use. Its cool water temperature aids recovery, boosts circulation, and revitalizes the body—perfect for anyone looking to refresh or support overall wellness.

And More to Come
