

EASTER GLASS INDUSTRIAL LIMITED

GIVE YOU A CHOICE OF ONE MORE SUPPLIER!

ONE-STOP SOLVING CUSTOM GLASS CHALLENGES,
DELIVERING BEYOND EXPECTATIONS.

COMPANY PROFILE

WHO ARE WE?

Easter Glass, based in Yangzhou—the "hometown of glass manufacturing"—has specialized in glass production for nearly 20 years. With a team of 35 experts, we excel in developing high-quality glass lampshades, light source accessories, and premium crafts. Our commitment to innovation ensures superior products tailored to global demands. Easter Glass specializes in high-quality lamp glass products, offering four core categories: high borosilicate glass (3.3) for high-performance applications, elegant blown glass, durable pressed glass, and precision optical flat glass. Our diverse portfolio supports the global lighting industry, serving over 500 customers with more than 3,000 product types.

CORPORATE CULTURE

OUR MISSION: One-Stop Solving Custom Glass Challenges, Delivering Beyond Expectations

OUR VISION: Century-Lasting Glass Excellence: Integrity-Driven, Innovation-Fueled

OUR VALUES: Customers first; Teamwork; Positiveness; Embrace change; Gratitude and dedication; Honesty and trustworthiness; Results are the king!

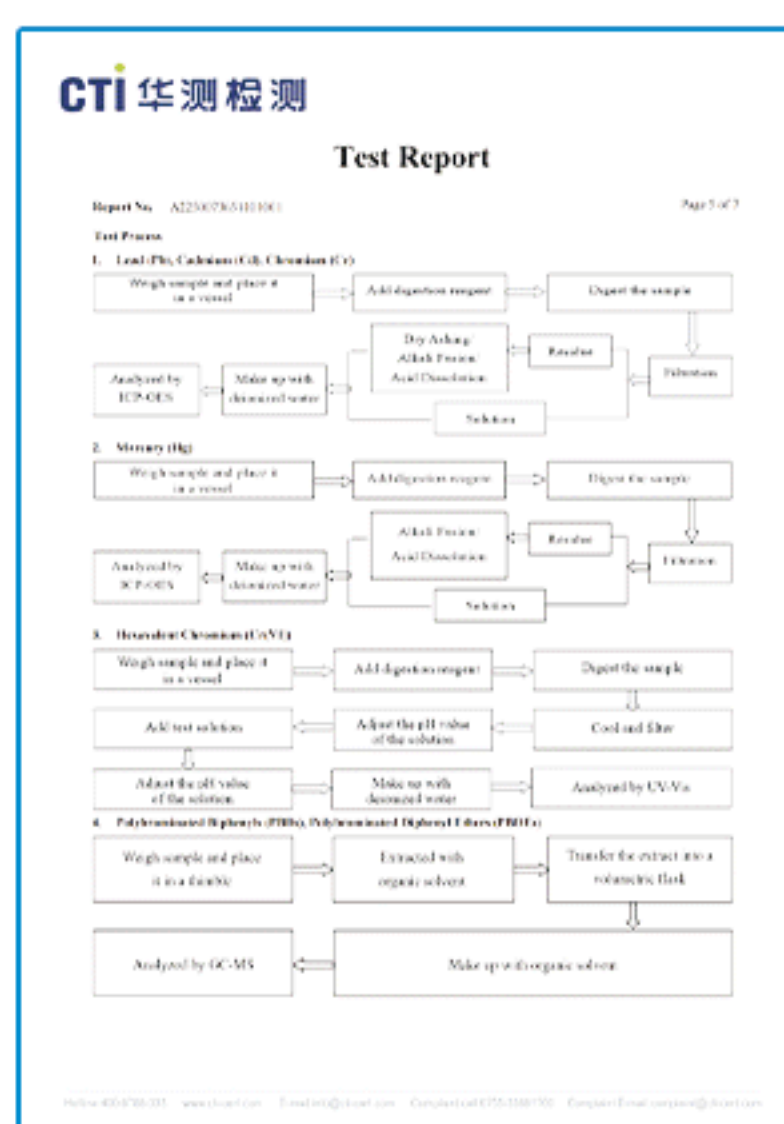

OUR CERTIFICATES

ISO-9001:2015

RoHS Compliance Test Report

GB/T19001-2016

OUR TEAM

We are a group of people with feelings and righteousness, working together to do something valuable and meaningful. Innovation is at the core of our endeavors. We embrace new ideas, technologies, and methodologies, recognizing that creativity and adaptability are essential for solving the pressing issues of our time.

GLASS ACCESSORIES, ONE-STOP SUPPLY

Over the years, we have served more than 500 customers. Customer needs vary, but there are also rules to follow. We design suitable production processes and supporting equipment according to customer needs.

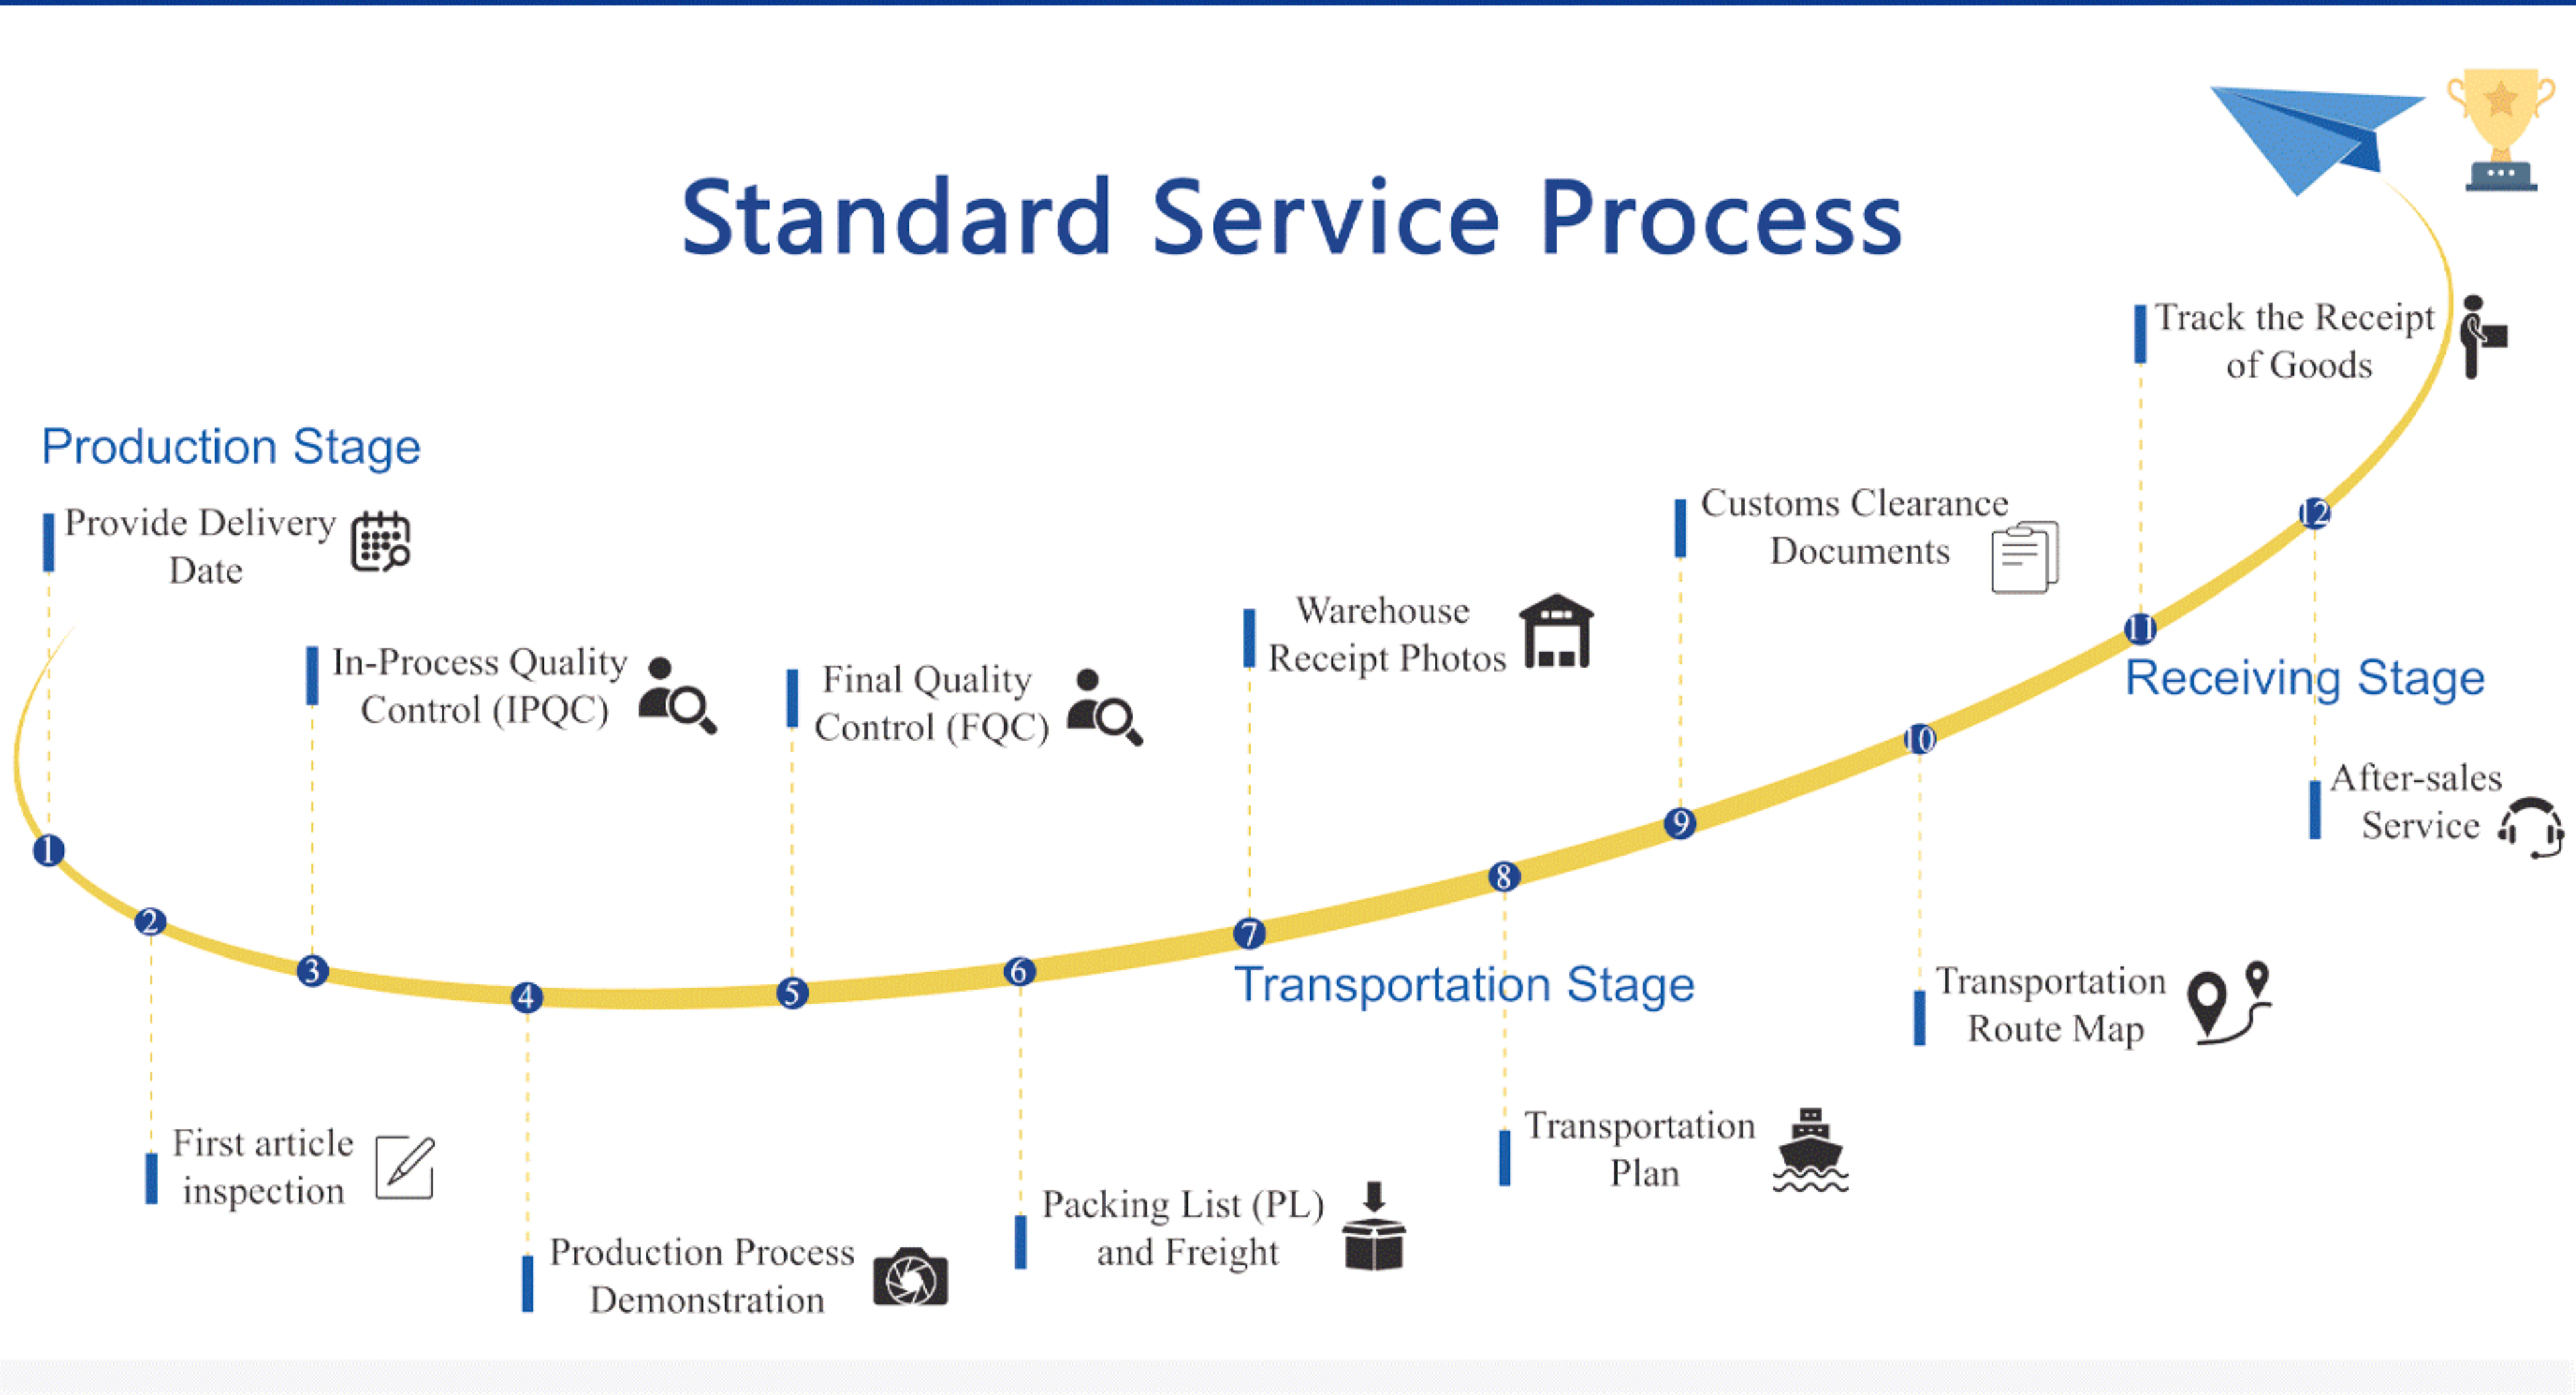

INTIMATE SERVICE THROUGHOUT THE WHOLE PROCESS

Stability; speedity; high quality; standard service; professional

What customers are most worried about is the stability of supply, including first-time trial orders and repeat purchases. In order to solve this painful point, Easter Glass has set up a full-process transparent service and a product life file.

Standard Service Process

■ **WHY CHOOSE US**

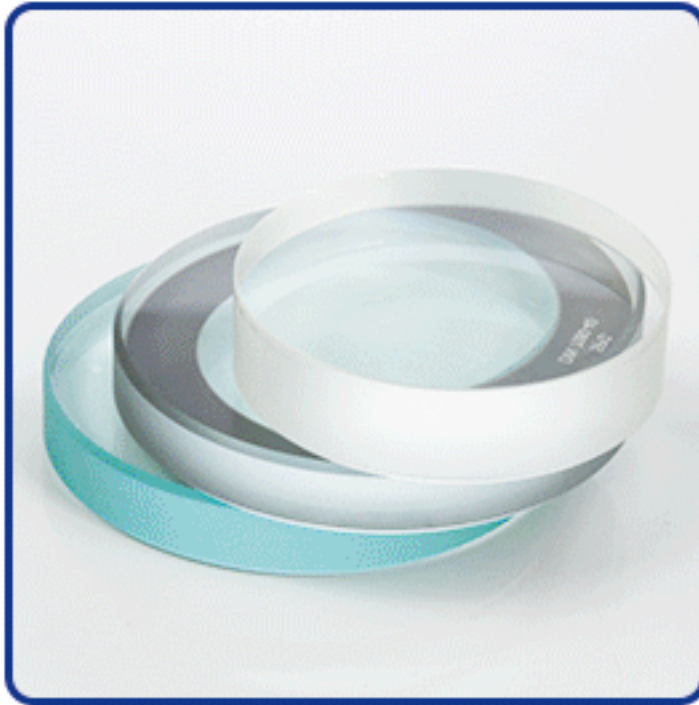

02 PRODUCT INTRODUCTION

■ **TEMPERED GLASS PANELS:**

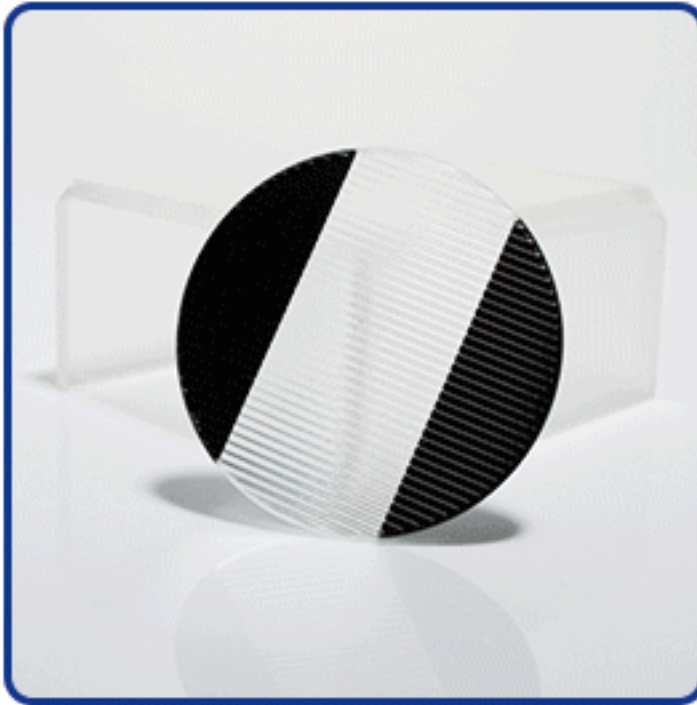

- Material: Soda Lime Glass; Low Iron Glass; Borosilicate Glass; Colored Glass Filter
- Edge Treatment:
Cut Edge; Flat Ground Edge, Round Ground Edge; Polish Edge
- Surface Treatment:
Hole Drilling; Silk-Screen Printing; Sandblasting; AR-Coating
- Treatment:
Tempering/Strengthening; Curved; Stepped

BOROSILICATE GLASS:

- Material: Clear borosilicate 3.3 glass, colored glass
- Softening Point---~820–860°C
- Density---2.23–2.35 g/cm³
- Thermal Resistance---Max. Continuous Use:~450–500°C
Thermal Shock Resistance: $\Delta T \geq 160-200^{\circ}\text{C}$
- Working Temperature---Long-Term: $\leq 450^{\circ}\text{C}$
Short-Term: Up to 500°C
- Transparency--->90% (Visible Light Spectrum)

QUALITY CONTROL FLOWCHART

Easter Glass has been awarded the ISO9001 quality management system certification recognized by the state and strictly adheres to relevant regulations for stable production. By fully implementing the quality management system, we ensure a high degree of consistency in every product leaving from our factory, which has won wide acclaims from overseas customers!

SOME INSPECTION PICTURES

The most common measurement method is to use a caliper. We will measure the overall dimensions and detailed dimensions of the product according to the drawings.
