

## European style pig farrowing crate

Our standard crates had been used by more than 200 pig farms around the world.

**Size:**

L2300\*W4000mm

L2400\*W3800 L2200\*3600mm

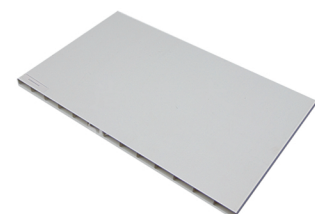

**Sow galvanized tube panels and frames with silent anti-crush bars and universal rear door.**

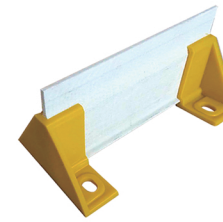

**Name:** Hot dip incubator fence **Material:** Hot-dip galvanized  
**Size:** Length240cm\*70cm\*110cm  
**Advantages:** Firm and sturdy,anticorrosion and rust proof

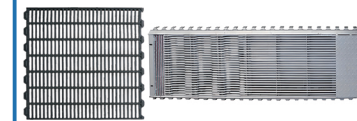

**Name:** Fiberglass insulation cover **Material:** Fiberglass  
**Size:** 120cm\*42cm  
**Advantages:** Easy to clean,well insulated. Corrosion resistant, affordable price

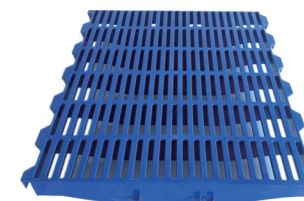

**Name:** PVC board **Material:** PVC  
**Size:** Length 50cm  
**Advantages:** Cheap,high strength,smooth and easy to clean,corrosionresistant,customizable size

**Name:** Fiberglass steel beam **Material:** Fiberglass  
**Size:** 2.4m,3.6m,3.8m,4m  
**Advantages:** Corrosion resistance,high strength,high insulation, smooth surface

**Name:** Triangular steel leakage plate/cast iron leakage plate  
**Material:**Triangular steel/cast iron **Size:**240/360/380/400cm\*70cm  
**Advantages:**High load-bearing capacity,corrosion resistance,easy cleaning,high temperature and low temperature resistance,high longevity

**Name:**Plastic fecal leakage board for piglets  
**Material:**Plastics **Size:**240/360/380/400cm\*70cm  
**Advantages:**Anti slip design,corrosionresistant,lightweight,easy to install and replace

**Name:**Sow trough **Material:**Stainless steel  
**Size:**350\*340\*485cm  
**Advantages:**Strong corrosion resistance,smooth edges that do not harm piglets,high load-bearing capacity

**Name:**Insulated lamp shade **Material:**Aluminum alloy material  
**Size:**21.5\*30cm  
**Advantages:**Directional heating,concentrated heat, smooth surface, easy to clean

**Name:**Black rubber pad **Material:**Rubber  
**Size:**100cm\*55cm  
**Advantages:**Barrier against heat and cold conduction,anti slip design,high temperature resistant disinfection

**Name:**Pig feeding trough **Material:**Stainless steel material  
**Size:** D:25cm  
**Advantages:**Anti corrosion,on food waste, partition design to preven pig collisions,easy to clean
