

# ALUMINIUM DOORS & WINDOWS SYSTEMS

Premium Quality | Intelligent Control

Version 1.0 | 2026

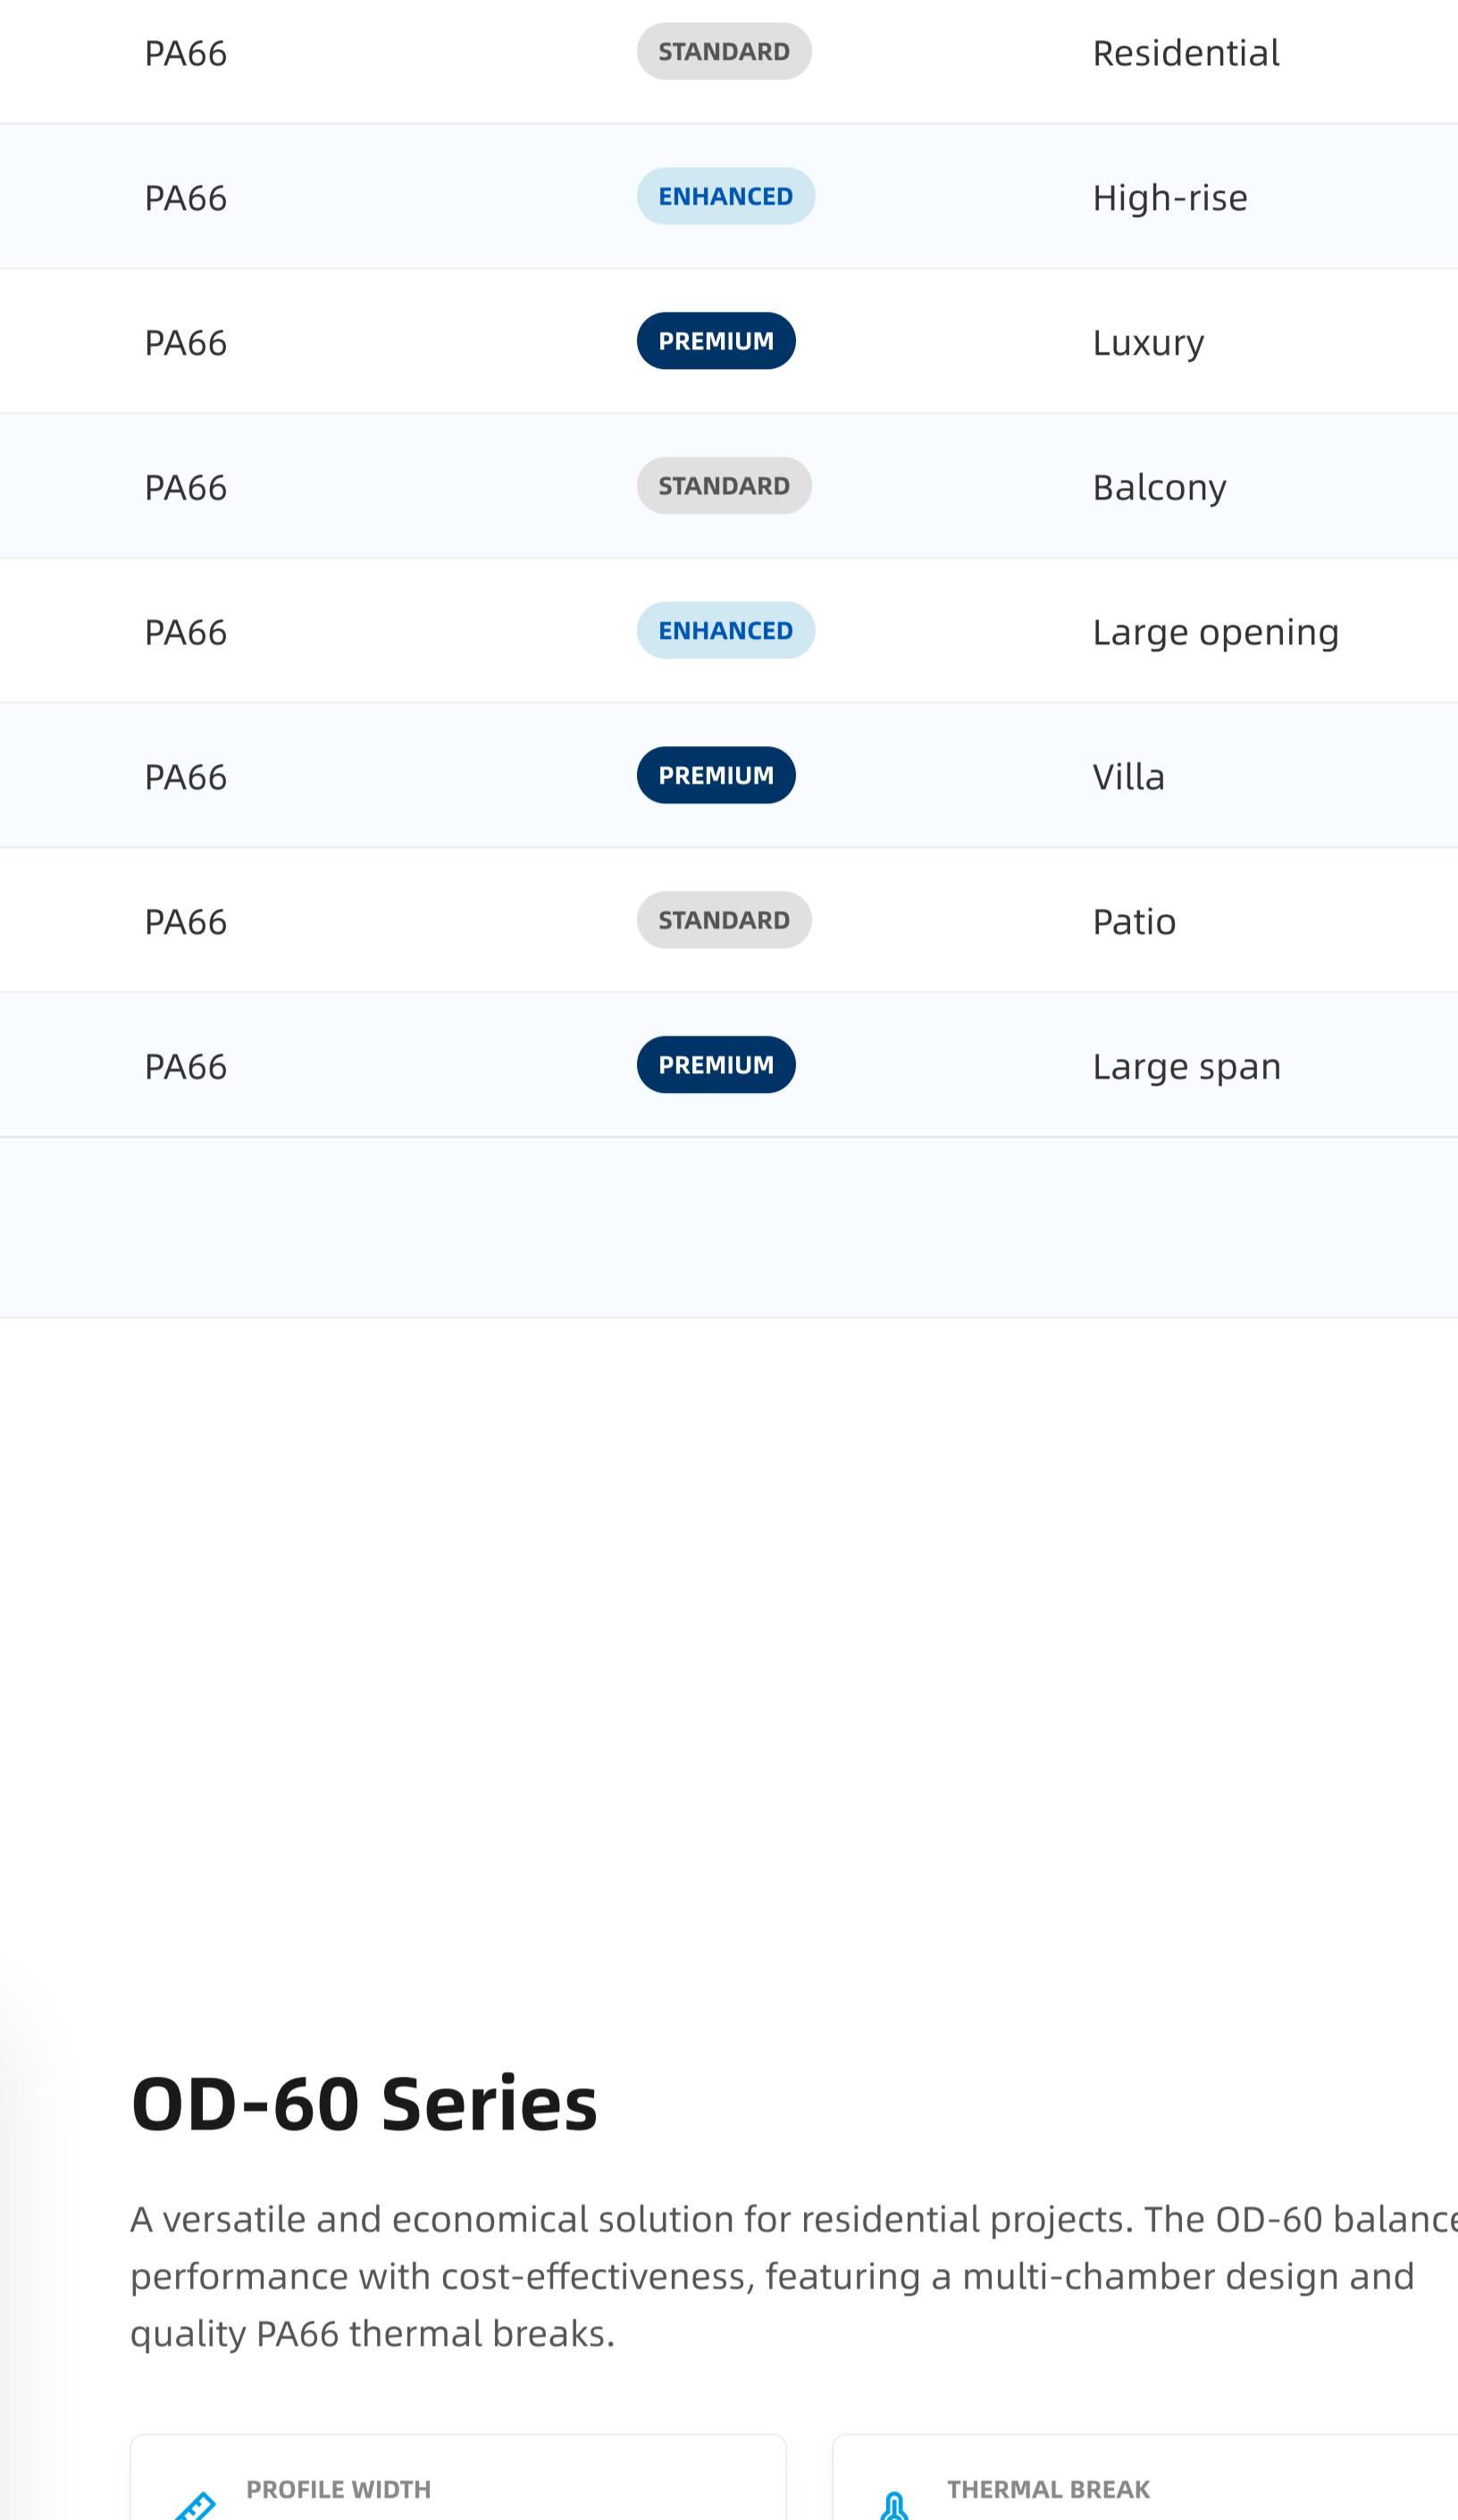

## COMPANY PROFILE

### Suzhou Oredy Intelligent Door Control Co., Ltd.

OREDY specializes in the development and manufacturing of high-performance aluminum door and window systems. With a steadfast commitment to quality and innovation, we provide comprehensive architectural solutions that redefine modern living spaces.

Our "System Window" approach ensures that every component—from precision-engineered profiles and advanced glazing to robust hardware and sealing accessories—is integrated perfectly. This holistic design philosophy delivers superior thermal insulation, exceptional soundproofing, and unmatched water tightness.

We blend aesthetics with functionality, creating environments that are comfortable, energy-efficient, and visually stunning, tailored to the demands of contemporary architecture.

## SYSTEM SELECTION GUIDE

A quick reference guide to help you choose the perfect system for your project requirements.

SYSTEM SERIES	PROFILE	OPENING	GLASS SPEC	THERMAL BREAK	PERFORMANCE	APPLICATION
OD-60	60mm	Casement	5+12A+5	PA66	STANDARD	Residential
OD-70	70mm	Casement/T&T	5+20A+5	PA66	ENHANCED	High-rise
OD-80	80mm	Casement/T&T	5+27A+5	PA66	Premium	Luxury
OD-90	90mm	Sliding	5+12A+5	PA66	STANDARD	Balcony
OD-108	108mm	Sliding	5+20A+5	PA66	ENHANCED	Large opening
OD-120	120mm	Lift & Slide	6+20A+6	PA66	Premium	Villa
OD-75	75mm	Bi-fold	5+12A+5	PA66	STANDARD	Patio
OD-80	80mm	Bi-fold	6+20A+6	PA66	Premium	Large span

## CASEMENT WINDOW SYSTEMS

Precision engineered for maximum thermal efficiency and acoustic comfort.

Security Meets Style	
	NEGLIGIBLE MAINTENANCE

### OD-60 Series

A versatile and economical solution for residential projects. The OD-60 balances performance with cost-effectiveness, featuring a multi-chamber design and quality PA66 thermal breaks.

PROFILE WIDTH 60mm	PA66 GF25 14.8mm
Glass Config 5+12A+5 (Max 24mm)	K-Value ≤2.8 W/(m²·K)
Wind Load Class 9	Sound Proof 35-40dB

OD-70 Enhanced Series	
Designed for high-rise applications with enhanced thermal performance and wider insulating strips. Superior noise reduction capabilities make it ideal for urban environments.	
• Profile: 70mm Width	
• Thermal Break: 20mm PA66 GF25	
• Glass Capacity: Up to 28mm	
• K-Value: ≤2.5 W/(m²·K)	

### OD-80 Premium Series

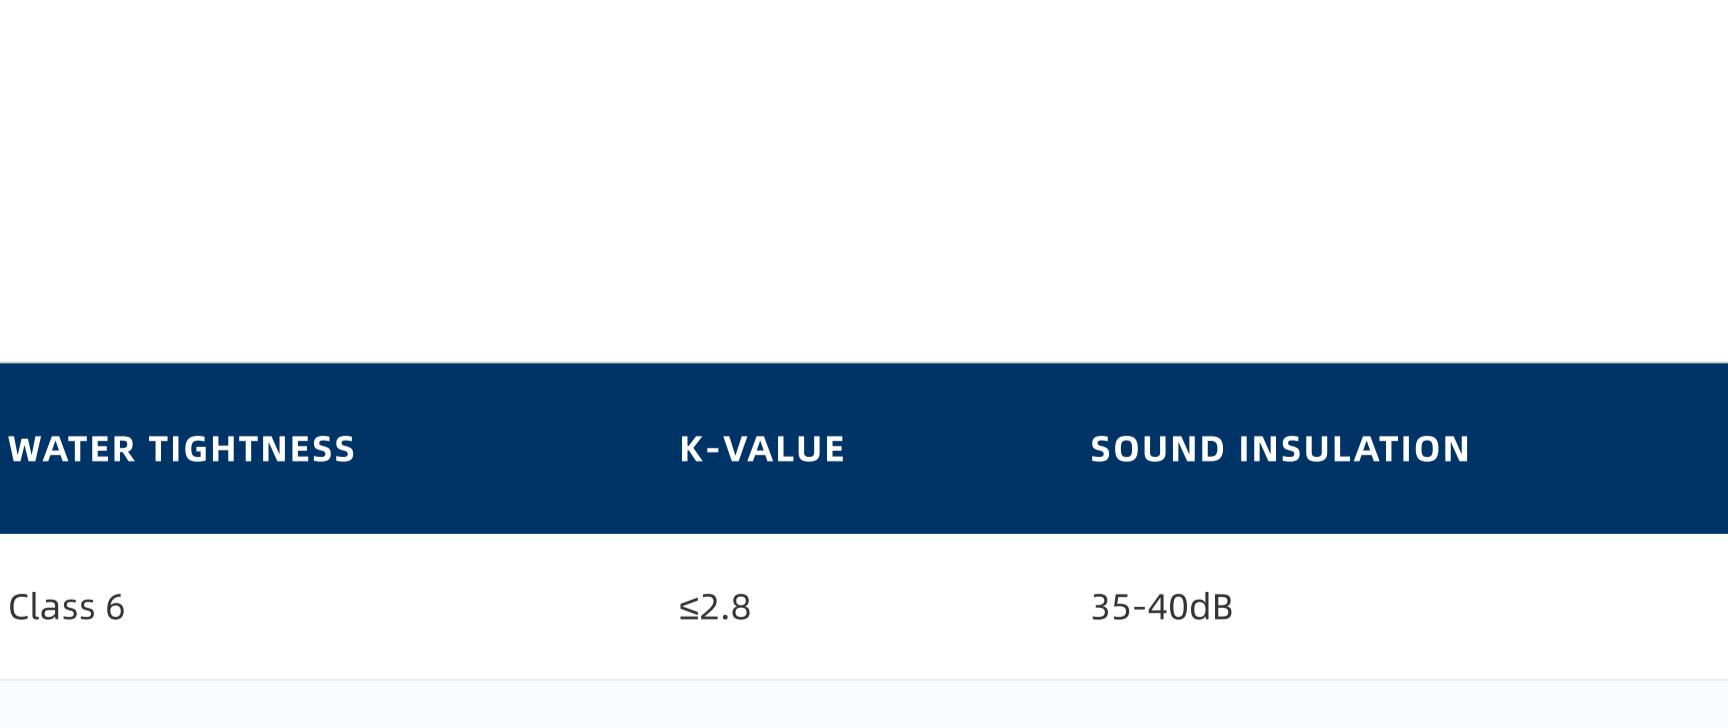

The ultimate choice for luxury residences and passive houses. Features triple sealing technology and accommodates triple glazing for maximum insulation.

• Profile: 80mm Width	
• Thermal Break: 27mm PA66 GF25	
• Glass Capacity: Up to 32mm (Triple)	
• K-Value: ≤2.0 W/(m²·K)	

## SLIDING DOOR SYSTEMS

Seamlessly connecting indoor luxury with outdoor freedom.

OD-90 & OD-108 Sliding
Experience smooth operation with high-capacity stainless steel rollers. Available in 2-track or 3-track configurations, these systems offer excellent weather resistance and are perfect for balconies.
• Profile Depth: 90mm / 108mm
• Load Capacity: 150kg per sash
• Glass Config: 5+12A+5mm
• Wind Load: Class 8

OD-120 Lift & Slide
The flagship solution for large-scale openings in villas and penthouses. The sophisticated lift mechanism lifts the panel from the seal, allowing effortless movement of panels weighing up to 300kg.
• Max Panel Size: 3m x 1.5m
• Operation: Lift & Slide
• Profile Width: 120mm
• Threshold Option: Flush Option

## FOLDING DOOR SYSTEMS

### OD-75 & OD-80 Bi-Fold

Dissolve the barrier between home and garden. Ideal for patios and commercial spaces.

#### CONFIGURATIONS

Flexible stacking options: 2+0, 3+0, 3+1, 2+2, 4+0 and more.

• PROFILE: 75mm / 80mm

• MAX HEIGHT: 3000mm

• HARDWARE: Top-Hung Rollers

• GLASS TYPE: Double/Triple

• GLASS CONFIG: 5+12A+5mm

• WIND LOAD: Class 8

OD-120 Lift & Slide
The sophisticated lift mechanism lifts the panel from the seal, allowing effortless movement of panels weighing up to 300kg.
• Max Panel Size: 3m x 1.5m
• Operation: Lift & Slide
• Profile Width: 120mm
• Threshold Option: Flush Option

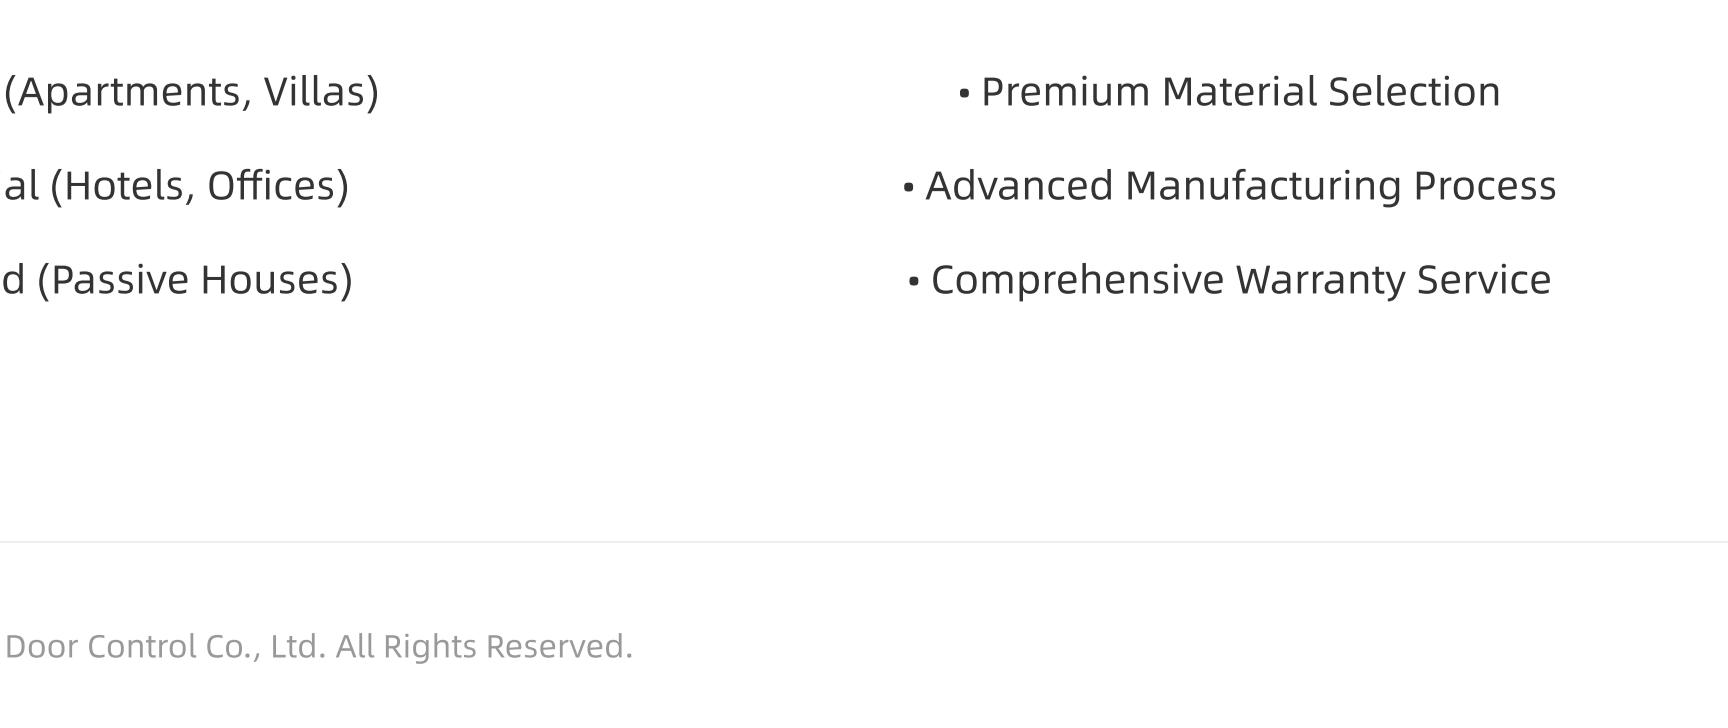

#### GLASS OPTIONS

Standard: 5+12A+5mm (22mm), 6+12A+6mm (24mm)

Performance: Low-E Coating, Laminated Safety

Insulation: Triple Glazing, Argon Gas Fill

Specialized: Tinted, Warm edge spacer, Internal blinds

OD-120 Lift & Slide
The sophisticated lift mechanism lifts the panel from the seal, allowing effortless movement of panels weighing up to 300kg.
• Max Panel Size: 3m x 1.5m
• Operation: Lift & Slide
• Profile Width: 120mm
• Threshold Option: Flush Option

#### TECHNICAL INNOVATION

##### Thermal Break

• PA66 GF25 Nylon strips

• Vertical isothermal design

• PA66 GF25 Nylon strips

• Vertical isothermal design

OD-120 Lift & Slide
The sophisticated lift mechanism lifts the panel from the seal, allowing effortless movement of panels weighing up to 300kg.
• Max Panel Size: 3m x 1.5m
• Operation: Lift & Slide
• Profile Width: 120mm
• Threshold Option: Flush Option

OD-120 Lift & Slide
The sophisticated lift mechanism lifts the panel from the seal, allowing effortless movement of panels weighing up to 300kg.
• Max Panel Size: 3m x 1.5m
• Operation: Lift & Slide
• Profile Width: 120mm
• Threshold Option: Flush Option
