# COMPANY PROFILE

---

## Engineering Capability

Professional research and development and engineering team to support and serve the needs of the customers.

## Production Capacity

We serve original equipment manufacturers, institutional and industrial customers, own plants, and manufacturers.

## Quality Assurance

As an ISO 9001:2000 certified manufacturer, we have implemented total quality management From raw material inspection, production process control, to final inspection and packaging.

## MEISONIC Professional Display Mount Solutions Provider

Meisonic Technology Co., Ltd., established in year 2012, is a high-tech enterprise specializing in the research, development, production, and sales of industrial equipment monitor mounts and medical equipment monitor mounts. With 13 years of industry experience, we are committed to providing customers with high-quality, high-performance display mount products and one-stop solutions.

### Our Advantages:

**Extensive Industry Experience:** 13 years of deep expertise in the monitor mount field, with a profound understanding of customer needs, enabling us to provide professional product recommendations and solutions.

**Strong R&D Capabilities:** A seasoned R&D team capable of customizing designs and production based on customers' specific requirements.

**Comprehensive Production System:** Equipped with advanced production facilities and a strict quality control system to ensure stable and reliable product quality.

**Excellent After-Sales Service:** Providing comprehensive pre-sales, in-sales, and after-sales services to promptly address customer issues and protect their rights.

### Our Services:

**Product Customization:** Offering customization services in size, material, and functionality based on customer needs.

**Solution Design:** Providing professional monitor mount installation solutions, including mount selection, installation positioning, and wiring design.

Backed by strict quality control and dedicated project management, they guarantee full-cycle support. Post-installation, certified engineers provide 24/7 technical assistance via multiple channels, ensuring rapid troubleshooting and system optimization. MEISONIC combines innovation, reliability, and comprehensive service to meet diverse client needs globally.

## Workshop

We have an excellent production team and production line to ensure product quality and production efficiency.

## Advanced production equipment

We have advanced equipment such as laser cutting machines, welding machines, and fully automatic CNC bending machines.

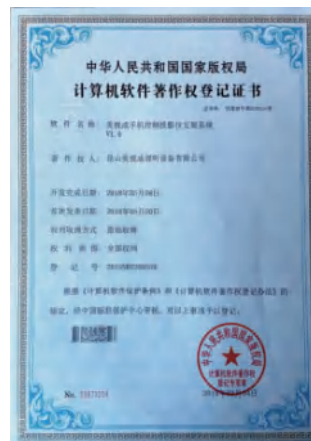

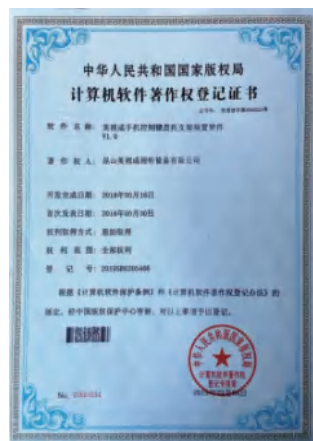

## Packaging warehouse

Centralized process from production to packaging to ensure product quality.

# Certificate of Honor

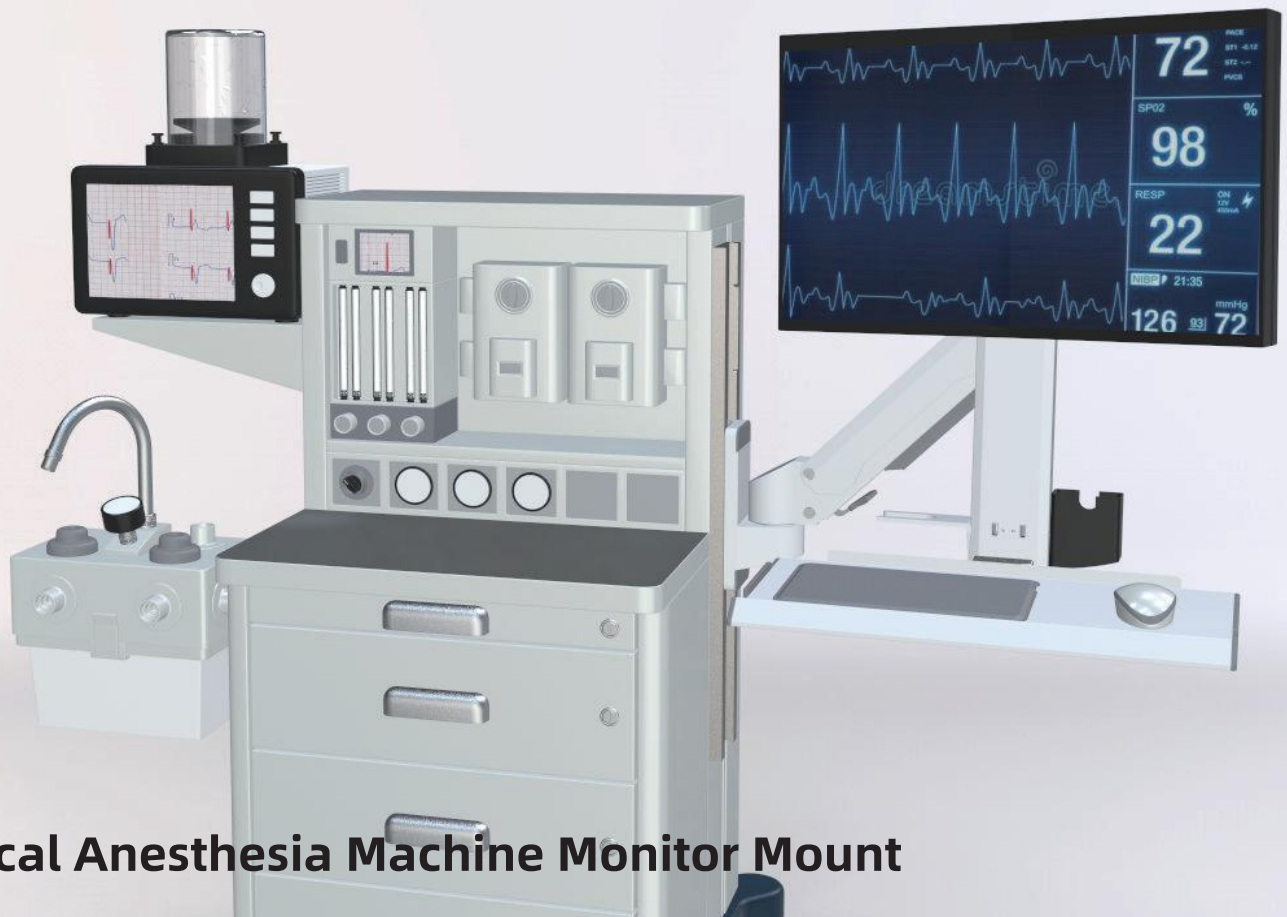

## Medical Anesthesia Machine Monitor Mount

The joint is equipped with a flat bearing, which makes the rotation more silky and does not hold

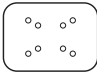

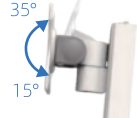

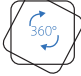

Air pressure can be adjusted manually without tools

Full of materials, two-layer design
