Tracing Paper

Transfer your designs and patterns clearly without staining your hands and fabrics by using the tracing paper. All transferred lines can be easily removed by washing.

YKTM-2008
Size: 21*29.7cm
Pack: 5 sheets/bag
Color: Green, Blue, Red, White, Yellow

Dressmaking
(Marking Single Thickness Fabric)
Place one sheet of tracing paper, colour side up, under lower layer, and put pattern piece on it. Then, run tracing wheel over.

Dressmaking
(Marking Double Thickness Fabric)
Insert a piece of folded tracing paper, colour side up, between fabrics. Then place pattern piece and run tracing wheel over.

Handicraft Works
Choose the colour which shows up best on your fabric. Do not use contrasting shades—eg. dark colours on white or thin fabrics. Slide tracing paper between pattern piece and fabric. Then, run over with pencil or ball-point. Place cellophane paper on pattern to trace with tracing wheel. You can use the pattern repeatedly.
