

**China's Leading Brand
for Drip Irrigation**

**Mini Valve for Drip Tape
with Low Pressure**

Chinadrip Irrigation Equipment Co., Ltd.

Mini Valve

These Mini Valves is for drip tape to control flowing and pressure, suitable for irrigation with low working pressure (Max. 3Bar).

Features

- Lightweight & corrosion-resistant, suitable for low pressure application.
- Small size & simple structure, easy to connect drip tape with branch pipes.
- The valve opening can be flexibly adjusted to achieve uniform flow rate under different pressures.

Offtake Tape Valve

Item No.	Size	Qty/Bag (Pc)
