BESPOKE CUSTOMIZED MURAL SUBSTRATES BOOKLET

HOSPITALITY | COMMERCIAL | HEALTH CARE | RESIDENCE

INTRODUCTION

We recognize the value bespoke mural can add to today's contract interiors. That's why we offer architects and designers bespoke mural solutions, including digital printing wallcovering.

Our printed wallcovering can fulfil a need that's poetic or practical. It can add character and individuality to interiors, tell a spatial story, or provide an integrated method of wayfinding. It can embed branding within the interior architecture, determine the mood of an entire space, or provide a feature accent within a spatial scheme.

In this booklet we provide various options in different compositions, patterns, dimensions, and tonality. Whatever imagery bring to the table, our expert design team will translate it to wallcovering of the perfect quality.

PRODUCTION CAPABILITY

ECO-SOLVENT / UV / LATEX

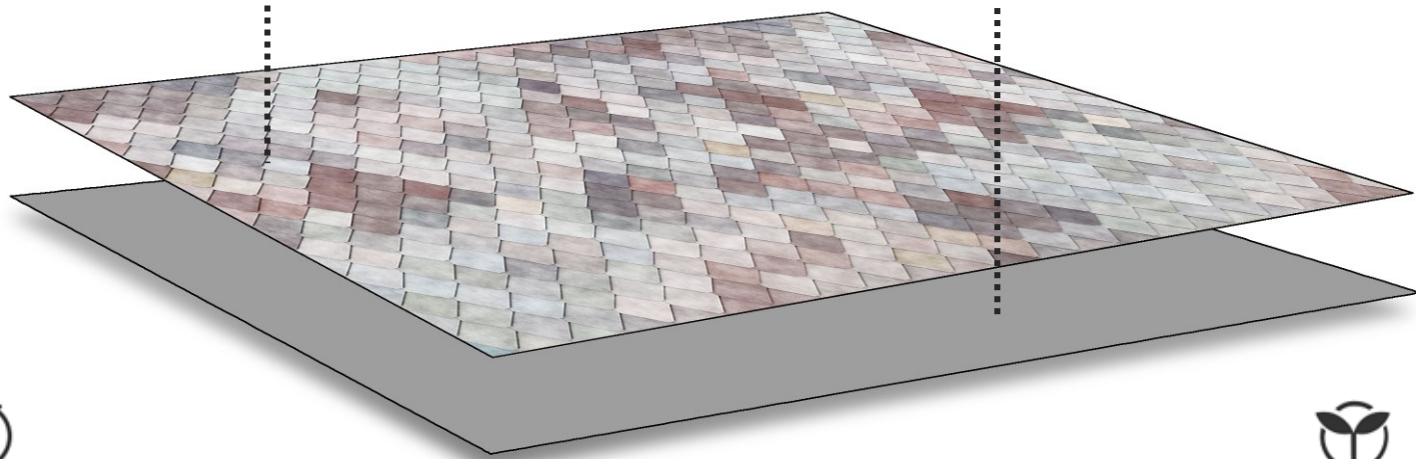

We have over 30 printing machines, including HP Latex machines, EPSON UV machines and SEITU Digital machines. Laser cutting machine is applied for accurate cutting on edges for packaging.

1

We apply different printing techniques with eco-friendly six color ink, pattern is perfectly reflected.

2

We offer over 30 backing materials to choose, all are stable for printing in various dimensions.

Eco-friendly Material & Production Process

Easy Construction Strong Adhesion

BESPOKE MURAL ADVANTAGE

NO REPEAT PATTERNS

Unlike traditional wallpaper is with a repeat pattern, bespoke mural applies injecting machines to print non-repeated patterns in various colors, which turns the background wall in the interior to be lively.

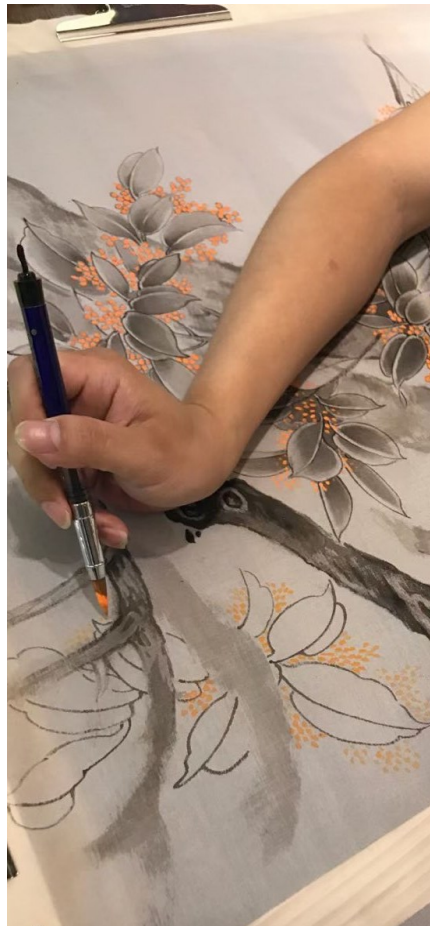

BESPOKE MURAL ADVANTAGE

INTERIOR HANGING PAINTS

Bespoke mural can have different finish forms: it can cover a full wall as a background, or it can be a decorative hanging picture. We provide different materials and accessories for you to choose.

Fur Flocking

Hand Sketch

Embroidery

3D Printing

BESPOKE MURAL ADVANTAGE

PREMIUM TREATMENTS

Our designers can apply hand-made treatments to make the artwork more premium and unique. The whole production is supervised under a working environment that is clean and out of dirt.

CUSTOMIZED CASES 1

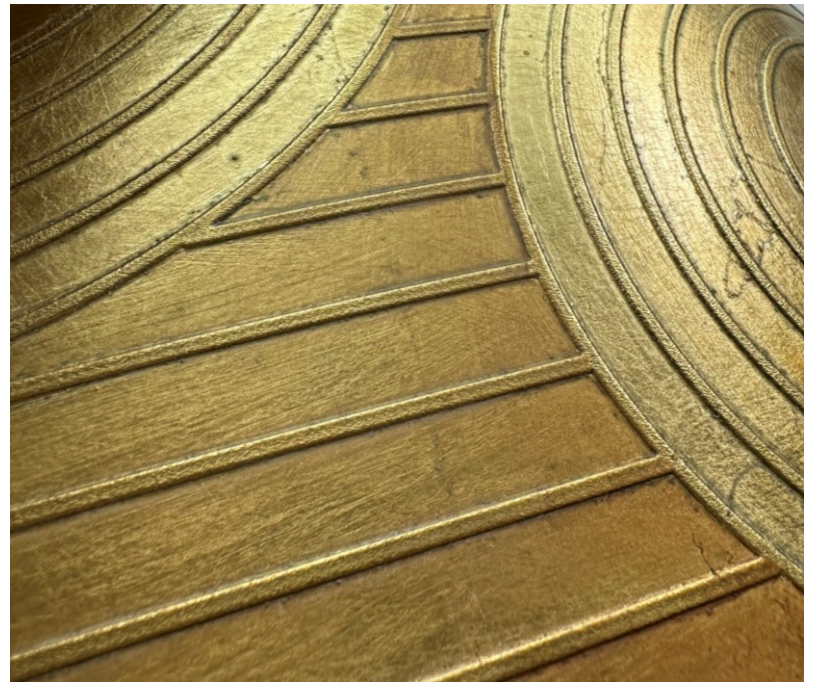

HAND PAINT & 3D PRINTING ON FOIL PAPER

This customized hand paint mural was custom-made for a decorative showroom as wall covering using hand crafted gold foil paper as base substrate for printing.

We applied hand paint on the flying goose to enhance the vitality, 3D printing on lines and graphics to enhance the texture of the whole image, the work piece enhances the sense of luxury and gorgeous.

Detail 1 - Partial Hand Paint

Detail 2 - 3D Printing Texture

Detail 1 - Diamonds & Shell Embroidery Bird

CUSTOMIZED CASES 2

DIAMONDS AND SHELLS EMBROIDERY & 3D PRINTING

This customized art piece was done for a porch for a commercial ballroom project using textile substrate for the base printing.

We applied embroidery using shimmering diamonds and shells to enhance the shape and reflective lights on birds.

On the leaves area we applied 3D printing to enhance the solidness of the leaves.

Detail 2 - 3D Printing Leaves

Detail 1 - Pearl Embroidery & Hand Sewing Bird

Detail 2 - Decorative Hand Sewing Flower

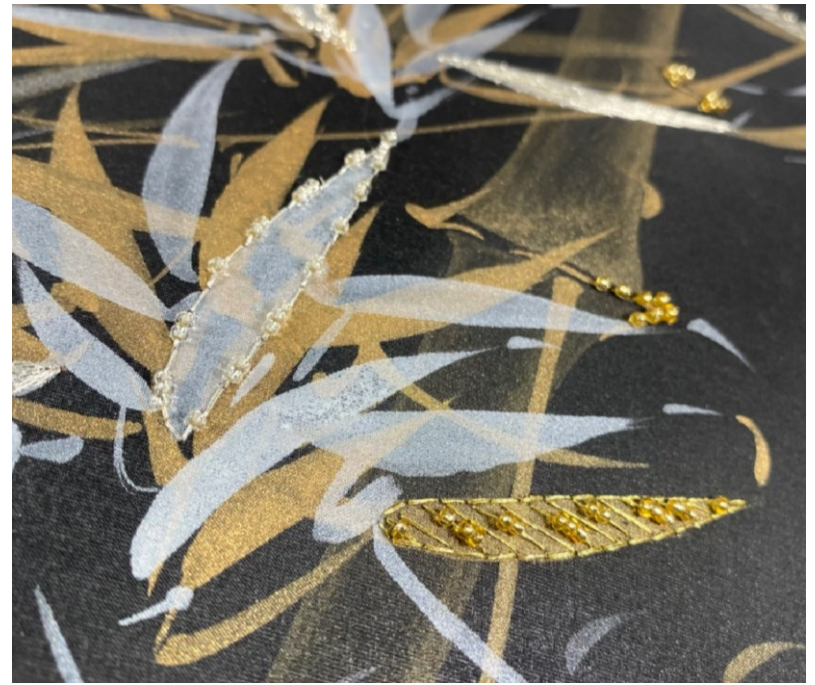

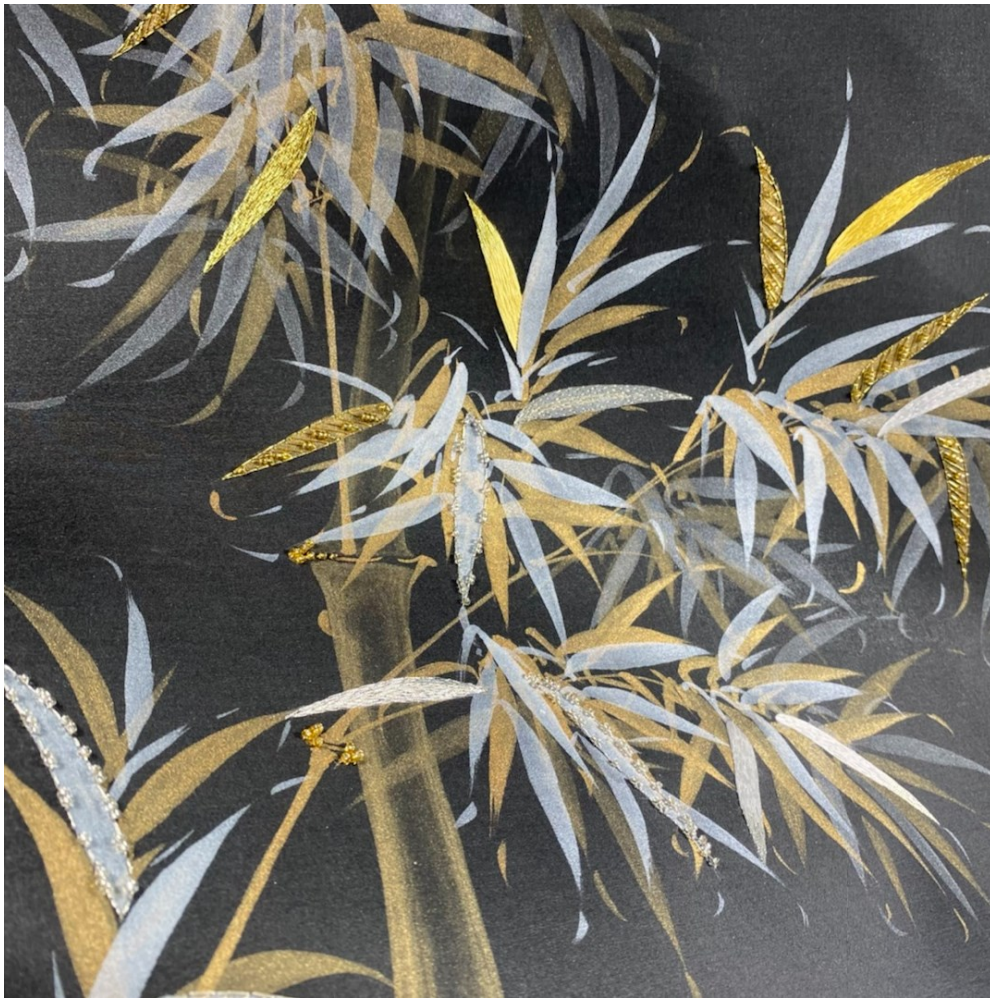

CUSTOMIZED CASES 3

PEARL EMBROIDERY & HAND SEWING

This customized art piece was done as a hanging painting for residence using shimmery spun silk substrate for the base printing.

We applied embroidery using pearls to enhance the shape of the bird and branches, and hand sewed with gold yarns to highlight the main body of the bird.

On flowers we used hand sewing as decorative object in the picture.

Detail 1 - Pearl & Ring Embroidery

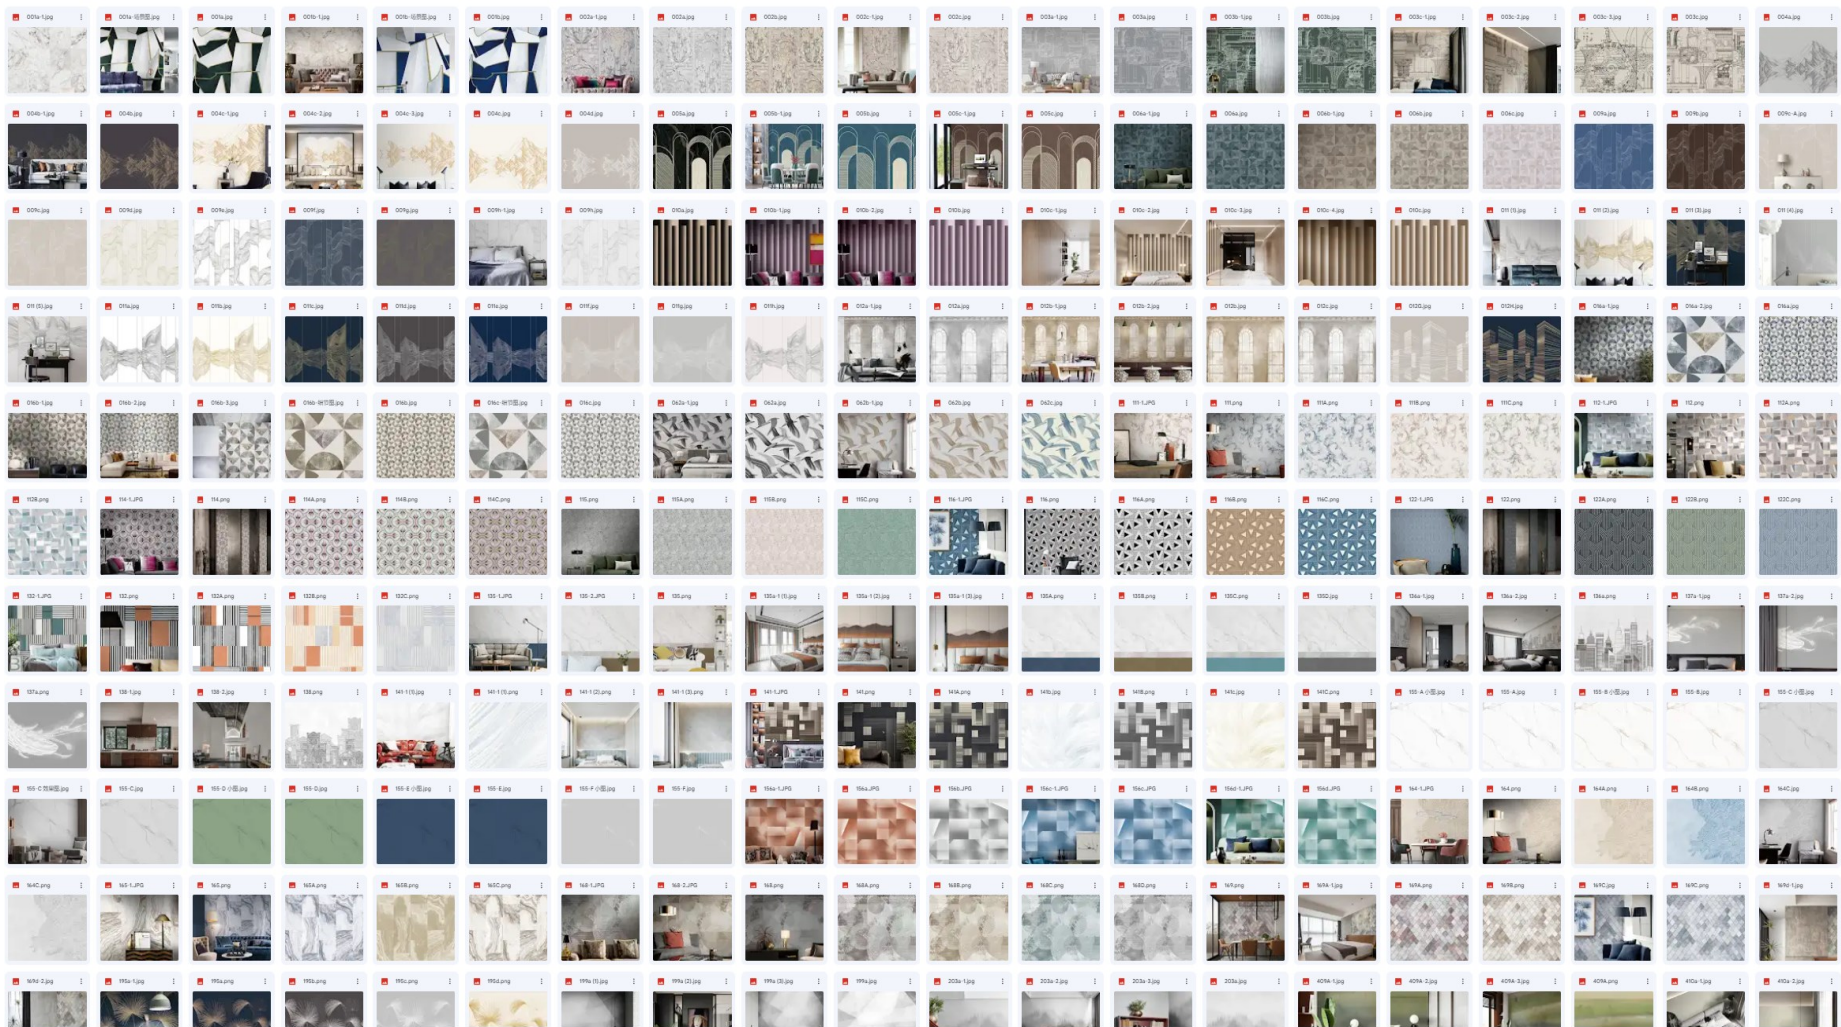

Detail 2 - Decorative Leaves Embroidery

CUSTOMIZED CASES 4

EMBROIDERY & HAND SEWING TREE

This customized art piece was done as wall covering for private club using shimmery spun silk substrate for the base printing.

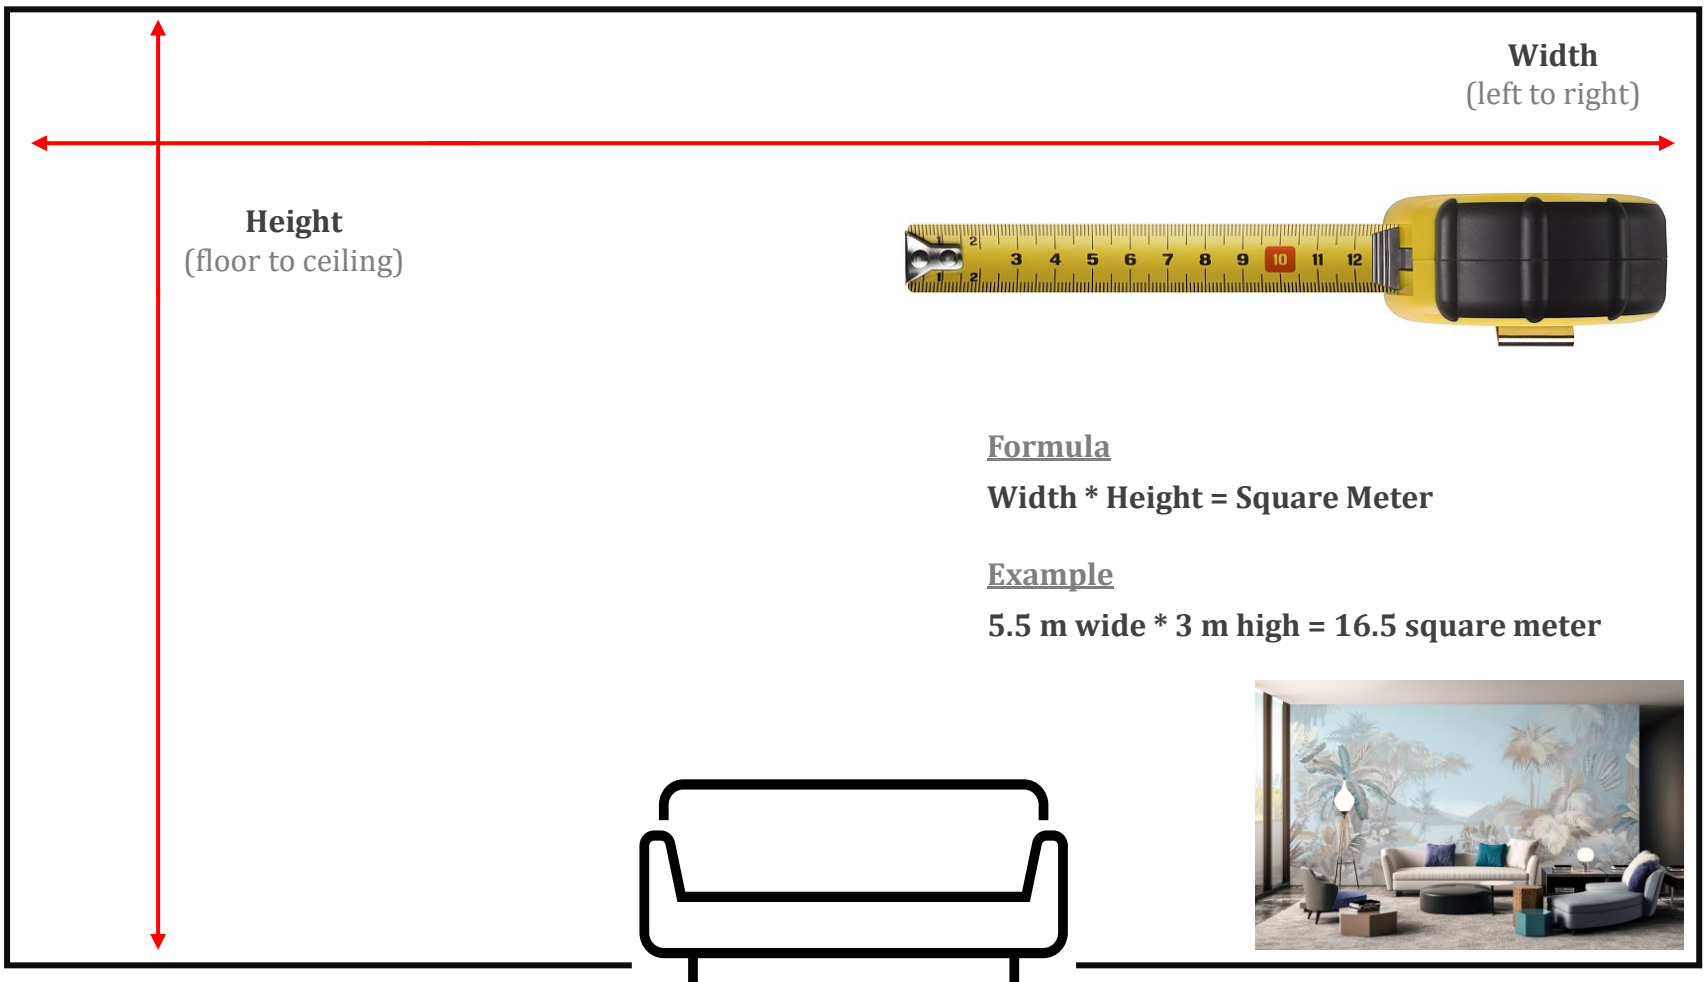

We applied embroidery with rings to enhance the shape of leaves and branches, and hand sewed with gold yarns to highlight the leaves as decorative in the picture.

HOW TO ORDER STEP 1

PICK YOUR DESIGN

Every year our designers will have new design and ideas to sync the interior trends, of both patterns and colors. [Contact us](#) to get access to our photo banks where we have over 5,000 designs variety.

HOW TO ORDER STEP 2

WALL MEASUREMENT

Once we pick the design, our designer can visualize and provide a render within 1 hour based on your wall sizes, so you would know how it looks in the interior, further adjustments will be built on that.

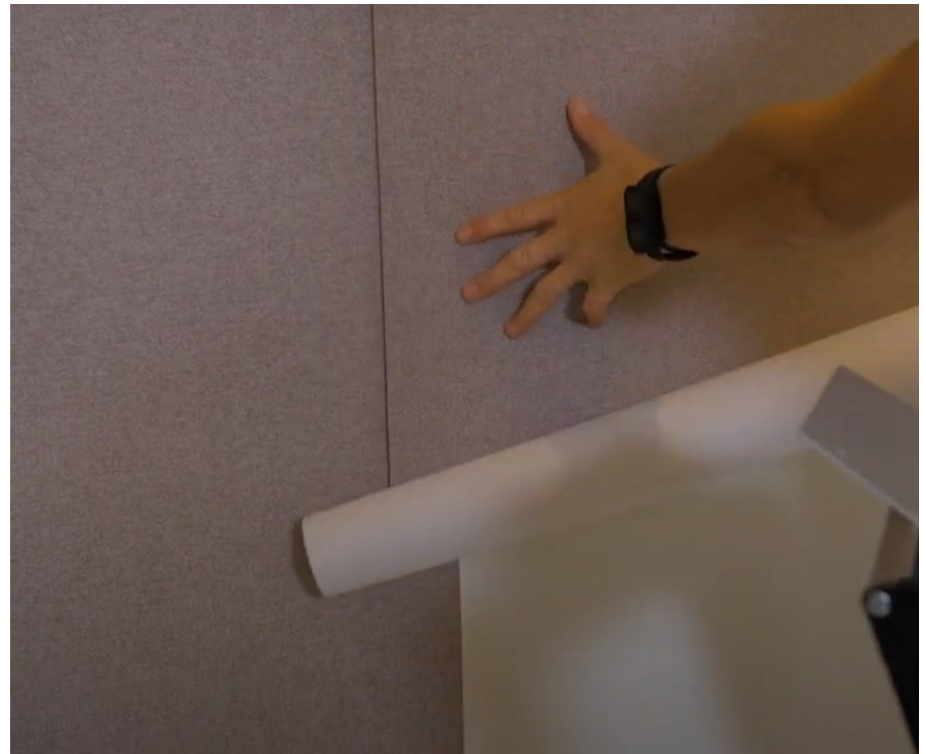

HOW TO ORDER STEP 3

CONFIRM PRINTED SUBSTRATE

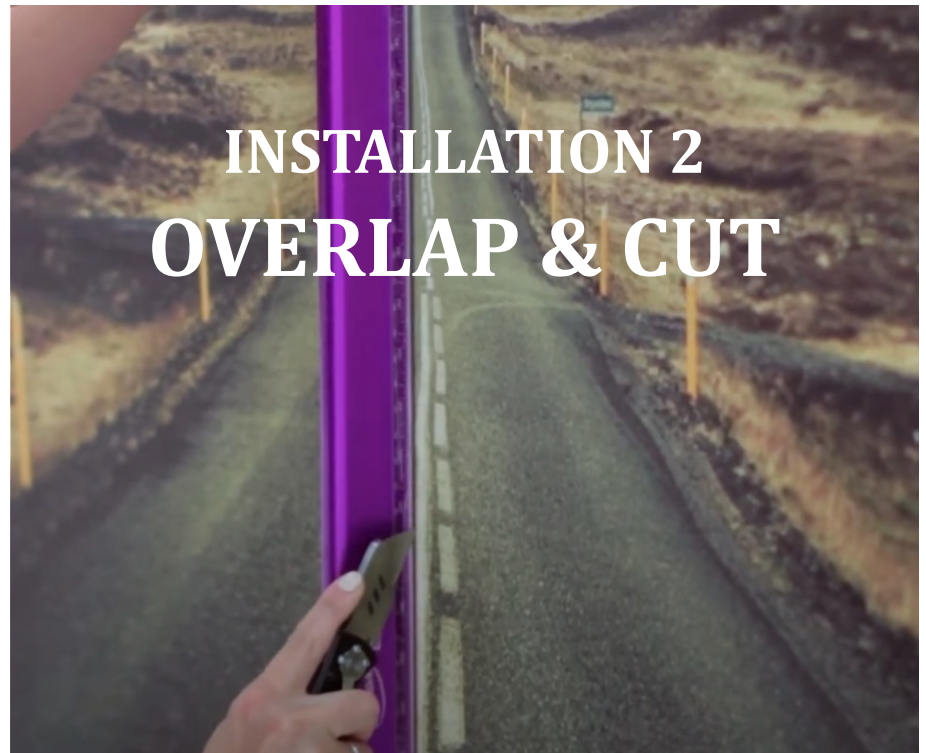

Different substrates have different textures and performance. We can suggest the substrate based on needed environment and provide free color proof before production.
